Globalizing Civic Engagement Civil Society And Transnational Action:

Globalizing Civic Engagement John Clark, 2003 Informative and useful Development and Change Until recently most civil society organizations CSOs operated at national or local levels However new global organizations and networks are increasingly emerging This book examines what CSOs can achieve and the barriers they face when they break national boundaries and sectoral moulds and work with others in global networks A series of case studies of CSO initiatives reveal how transnational action can yield impressive results in changing policies and public attitudes The diverse range of CSOs studied includes consumer groups trade unions the anti globalization protest movement the World Social Forum Jubilee 2000 and others All reveal a remarkably similar array of practical challenges from structure and leadership issues to governance dilemmas The book offers practical guidance to those engaged with CSOs and contributes to academic enquiry about civil society

Global Public Policy Karsten Ronit, 2006-12-12 We are in a critical period where civil society organizations actively influence business political behaviour while corporations and business associations are adopting new and flexible strategies aimed at closer contact with civil society Against the backdrop of such broad reorientations this book analyzes the new and changing roles of business and civil society actors to offer an accurate portrayal of the formation of global public policy With contributions from leading experts in the field it investigates the potential for and emergence of new policy arrangements along with their patterns of conflict and cooperation Building upon theoretical inspirations from various traditions studying international affairs this volume develops and applies the concepts of policy arrangements and countervailing power to the field of global business civil society relations A range of key issues including labour consumers global finance the mining industry climate policy and the World Economic and Social Forums are examined Global Public Policy will be of strong interest to students and researchers of international political economy international relations and international business

The United Nations and Civil Society Nora McKeon, 2009-10-15 The UN is able to recognize key global challenges but beset by difficulties in trying to resolve them In this it represents the current global political balance but is also the only international institution that could move it forward Civil society can be a catalyst for this kind of change In this book Nora McKeon provides a comprehensive analysis of UN engagement with civil society The book pays particular attention to food and agriculture which now lie at the heart of global governance issues McKeon shows that politically meaningful space for civil society can be introduced into UN policy dialogue The United Nations and Civil Society also makes the case that it is only by engaging with organizations which legitimately speak for the poor targeted by the Millennium Development Goals that the UN can promote equitable sustainable development and build global democracy from the ground up This book has strong ramifications for global governance civil society and the contemporary debate over the future of food

NGO Management Alan Fowler, Chiku Malunga, 2020-09-23 The task environment of NGOs is changing rapidly and significantly making new demands on their management and leadership This Companion discusses the

complexities involved It illustrates how NGOs can maintain performance and remain agile amidst increasing uncertainties These factors include the position of NGOs in civil society their involvement in governance and coping with the effects of the securitisation of international aid Complementing The Earthscan Reader in NGO Management selected contributions and specially commissioned pieces from NGO thought leaders and practitioners provide the reader with insights on the emerging thinking competences and practices needed for success in managing and leading tomorrow s NGOs

Handbook of Internet Crime Yvonne Jewkes,Majid Yar,2013-03-07 An essential reference for scholars and others whose work brings them into contact with managing policing and regulating online behaviour the Handbook of Internet Crime emerges at a time of rapid social and technological change Amidst much debate about the dangers presented by the Internet and intensive negotiation over its legitimate uses and regulation this is the most comprehensive and ambitious book on cybercrime to date The Handbook of Internet Crime gathers together the leading scholars in the field to explore issues and debates surrounding internet related crime deviance policing law and regulation in the 21st century The Handbook reflects the range and depth of cybercrime research and scholarship combining contributions from many of those who have established and developed cyber research over the past 25 years and who continue to shape it in its current phase with more recent entrants to the field who are building on this tradition and breaking new ground Contributions reflect both the global nature of cybercrime problems and the international span of scholarship addressing its challenges

Routledge Handbook of Internet Politics Andrew Chadwick,Philip N. Howard,2008-08-18 The politics of the internet has entered the social science mainstream From debates about its impact on parties and election campaigns following momentous presidential contests in the United States to concerns over international security privacy and surveillance in the post 9 11 post 7 7 environment from the rise of blogging as a threat to the traditional model of journalism to controversies at the international level over how and if the internet should be governed by an entity such as the United Nations from the new repertoires of collective action open to citizens to the massive programs of public management reform taking place in the name of e government internet politics and policy are continually in the headlines The Routledge Handbook of Internet Politics is a collection of over thirty chapters dealing with the most significant scholarly debates in this rapidly growing field of study Organized in four broad sections Institutions Behavior Identities and Law and Policy the Handbook summarizes and criticizes contemporary debates while pointing out new departures A comprehensive set of resources it provides linkages to established theories of media and politics political communication governance deliberative democracy and social movements all within an interdisciplinary context The contributors form a strong international cast of established and junior scholars This is the first publication of its kind in this field a helpful companion to students and scholars of politics international relations communication studies and sociology

The Possibilities of Transnational Activism Thomas Richard Davies,2007 An unprecedented study of one of the most substantial international non governmental campaigns ever to have been undertaken the campaign for disarmament between

the two World Wars which forces us to reconsider many of our assumptions about transnational civil society Creating a Better World Rupert Taylor, 2004 Takes an interdisciplinary approach to interpreting global civil society Contributors are some of the leading theoreticians in the field A sound handbook for activism The term global civil society has become a catchphrase of our times But efforts to define and interpret what global civil society actually is have led to ambiguity and dispute This major work of scholarship and advocacy pierces through the generalizations and debates It presents cogent examples of groups within civil society from the Seattle and Genoa protesters to transnational grassroots movements such as Slum Shack Dwellers International that are creatively meeting the challenges and opportunities of an increasingly interconnected world The contributors offer clarity and the hope that another world is possible one in which civil society's global networks can effectively create a free fair and just global order Scholars students and anyone interested in understanding new forces influencing contemporary world politics will want to have this book on their shelves Creating Credibility Lloyd David Brown, 2008 In many countries civil society organizations CSOs are more trusted by the general public than businesses and government CSOs depend on their good reputations and performance in order to mobilize resources This book is useful for people concerned with finding ways CSOs can respond to different challenges
