Global Culture Consciousness And Connectivity Global Connections:

Global Culture: Consciousness and Connectivity Dr Didem Buhari-Gulmez, Professor Roland Robertson, 2016-01-28 The current discourse of globalization is overwhelmingly centred upon the interconnectedness or connectivity of the contemporary world to the great neglect of the issues of global culture and global consciousness With contemporary worldwide culture increasingly characterized by such themes as astronomy cosmology space travel and exploration there is an increasing disjuncture between academic concern with connectivity on the one hand and culture and consciousness of the place of planet earth in the cosmos as a whole on the other This book addresses this deficiency from a variety of closely related perspectives presenting studies of religion science sport international organizations global resistance movements and migrations and developments in East Asia It brings together the latest theoretical empirical work from scholars in the US UK Australia Japan China and Israel on the significance of culture and global consciousness As such Global Culture Consciousness and Connectivity will be of great interest to scholars across and beyond the social sciences working in the areas of global studies cultural studies social theory the sociology of religion and related issues **Globalization** George Ritzer, Paul Dean, 2021-11-08 An accessible and comprehensive introduction to key concepts in globalization written by leading authors in the field In the comprehensively revised Third Edition of Globalization A Basic Text distinguished researchers and authors George Ritzer and Paul Dean deliver an up to date introduction to major trends and topics related to the study of globalization The book includes accessible and rigorous material on the key theories and major topics in globalization as well as modern developments like the rise of populism and far right political groups Brexit migration and backlash to it trade negotiations social media and the spread of misinformation climate change social justice issues and COVID 19 The new edition includes a greater focus on the structures of inequality that encourage or discourage global flows Additionally new examples and sources from Central and South America Africa and Asia are used to illustrate key concepts and round out the international coverage of book Throughout the authors use clear and helpful metaphors including solids liquids gases and flows to introduce and explain the complex nature of globalization in an engaging and understandable way Readers will also benefit from the inclusion of A thorough introduction to globalization and related processes including imperialism colonialism development and westernization An exploration of neoliberalism including its roots principles criticisms and Neo Marxist alternatives A practical discussion of global political structures and processes as well as global economic flows of production and consumption A concise treatment of negative global flows and processes including dangerous imports diseases crime terrorism and war Analysis of the changing nature of globalization and de globalization and the social movements and technological developments driving these changes More images charts and graphs to help illustrate and highlight the concepts contained in the book Perfect for advanced undergraduates studying globalization across sociology political science geography anthropology and economics Globalization A Basic Text Third Edition will also be

essential reading for students taking courses in culture economy and inequality and migration taught from a global perspective **The Routledge International Handbook of Globalization Studies** Bryan Turner, Robert

Holton, 2015-12-22 The second edition of the Routledge International Handbook of Globalization Studies offers students clear and informed chapters on the history of globalization and key theories that have considered the causes and consequences of the globalization process There are substantive sections looking at demographic economic technological social and cultural changes in globalization The handbook examines many negative aspects new wars slavery illegal migration pollution and inequality but concludes with an examination of responses to these problems through human rights organizations international labour law and the growth of cosmopolitanism There is a strong emphasis on interdisciplinary approaches with essays covering sociology demography economics politics anthropology and history The second edition has been completely revised and features important new thinking on themes such as Islamophobia and the globalization of religious conflict shifts in global energy production such as fracking global inequalities fiscal transformations of the state and problems of taxation globalization and higher education and an analysis of the general sense of catastrophe that surrounds contemporary understandings of the consequences of a global world **The Socio-Political Practice of Human Rights** Kiran Kaur

Grewal, 2016-06-23 This book examines discourses of rights and practices of resistance in post conflict societies exploring the interaction between the international human rights framework and different actors seeking political and social change Presenting detailed new case studies from Sierra Leone Sri Lanka and Kosovo it reveals the necessity of social scientific interventions in the field of human rights The author shows how a shift away from the realm of normative political or legal theory towards a more sociological analysis promises a better understanding of both the limits of current human rights approaches and possible sites of potential Considering the diverse ways in which human rights are enacted and mobilised The Socio Political Practice of Human Rights engages with major sites of tension and debate examining the question of whether human rights are universal or culturally relative their relationship to forms of economic and political domination the role of law as a mechanism for social change and the ways in which the language of human rights facilitates or closes sites of radical resistance By situating these debates in specific contexts this book concludes by proposing new ways of theorizing human rights Empirically grounded and offering an alternate framework for understanding the fluid and ambiguous operation of power within the theory and practice of human rights this volume will appeal to scholars of sociology law and politics with interests in gender resistance international law human rights and socio legal discourse Eurocentrism at the

Margins Lutfi Sunar, 2016-05-05 Eurocentrism remains a prevailing feature of Western dominated social scientific perspectives tending to ignore alternative views originating outside the West and thus maintaining a form of scholarly hegemony As such there is an urgent need to reconsider Eurocentrism in social science to ask whether it constitutes an obstacle to understanding social problems and whether it is possible to go beyond Eurocentrism in the construction of

reliable more universal knowledge At the same time certain questions persist particularly with regard to the extent to which recent revisionist challenges have really contributed to the surmounting of Eurocentric domination and whether the constant repetition of the concept serves to reinforce it This book engages with the central problems of Eurocentrism in the social sciences bringing together the work of scholars from around the world to offer a critique of this perspective from both European and non European positions thus shedding light on the binaries that often come into being in debates in this field Thematically organised and addressing a range of questions including Eurocentrism in historical studies in the understanding of religion and civilisation and in the study of international relations as well as in the institutionalisation and professionalisation of research and discourses on modernisation in the Middle East Eurocentrism at the Margins will appeal to scholars with interests in knowledge production and circulation and Eurocentrism and post colonialism in the social sciences
