Fabian Junge

Global Sales And Contract Law Global Sales And Contract Law:

Global Sales and Contract Law Ingeborg Schwenzer,Pascal Hachem,Christopher Kee,2012-01-26 This comprehensive analysis of domestic and international sales law covering over sixty jurisdictions is the most detailed work in the field It includes all aspects of a sale of goods transaction and provides answers to complex issues in practice **Global Sales and Contract Law** Ingeborg Schwenzer,Pascal Hachem,Christopher Kee,2012-01-26 Although the 1980 United Nations Convention on Contracts for the International Sale of Goods CISG is one of the most successful international conventions to date it remains the case that those involved in the international sale of goods must refer to a multitude of laws Indeed the CISG itself does not cover all issues relating to international sales contracts so it must necessarily be supplemented by domestic law Global Sales and Contract Law provides a truly comparative analysis of domestic laws in over sixty countries so as to deliver a global view of domestic and international sales law The book reports on the real practice of sales law taking into account present day problems Complex questions on the obligations under a sales contract the ways in which these are established as well as the remedies following the breach of obligations are all discussed By addressing regional uniform projects like OHADA and comparing differences in domestic legal approach where the CISG would not apply the work goes beyond existing commentaries which tend to focus only on the CISG The analysis has been based on an unprecedented survey drawn from the world s top fifty companies as well as international traders lawyers advising international traders arbitral institutions arbitrators and law schools This work encompasses all aspects of a sale of goods transaction and takes a wide view of sale by including general contract law The book gives practitioners invaluable insight into judicial trends and possible solutions in different legal systems whether preparing for litigation or drafting an international contract Global Sales and Contract Law is the most comprehensive and thorough compilation of legal analysis in the field of the sale of goods and is a reliable source for any practitioner dealing in international commerce *Global Sales and Contract Law* Ingeborg H. Schwenzer,Edgardo Muñoz,2022 The second edition continues to provide comparative analysis of domestic laws of sale and contract in over sixty countries delivering a global view of national and international sales law The book is grounded in the practical realities of sales law reflecting the day to day issues faced by practitioners Complex questions of the obligations under a sales contract the ways in which these are established as well as the remedies following the breach of obligations are all analysed In addition to coverage of the CISG and various national regimes the book examines regional projects like the the UNIDROIT PICC the PECL the DCFR and the PLACL and compares differences in domestic legal approach where the CISG would not apply **International Sales Law** Larry A. DiMatteo,2014-02-17 This book brings together the top international sales law scholars from twenty three countries to review the Convention on Contracts for International Sale of Goods CISG and its role in the unification of global sales law It reviews the substance of CISG rules and analyzes alternative interpretations A comparative analysis is given of how countries have accepted interpreted and applied the CISG Theoretical

insights are offered into the problems of uniform laws the CISG's role in bridging the gap between the common and civil legal traditions and the debate over good faith in CISG jurisprudence The book reviews case law relating to the interpretation and application of the provisions of the CISG analyzes how it has been recognized and implemented by national courts and arbitral tribunals offers insights into problems of uniformity of application of an international sales convention compares the CISG with the English Sale of Goods Act and places it in the context of other texts of UNCITRAL and analyzes the CISG from the practitioner's perspective

International Transactions in Goods Martin Davies, David V. Snyder, 2014-06-18 International Transactions in Goods Global Sales in Comparative Context explains the complex transactional structures common in international sales from both an international and a domestic legal perspective In a straightforward accessible style this course book sets out typical business models and commercial practices including sample legal and commercial documents and outlining the laws that govern them Closely attuned to practice this course book covers transactions on a commercial scale and gives full treatment not only to legal topics but also payment security carriage and insurance addressing both traditional topics such as letters of credit bills of lading and the Incoterms as well as modern practices like electronic funds transfers and waybills Martin Davies and David V Snyder emphasize the strategic questions that lawyers and businesses face when negotiating and documenting deals and when litigating transactions that have gone awry As many of the strategies revolve around choice of governing law the book treats not only international law particularly the UN Convention on the International Sales of Goods CISG but also exemplary domestic laws from both common law and civil law jurisdictions including the US Uniform Commercial Code UCC English law French law and German law This book is designed to be accessible to students and readers of all levels whether from common law or civil law backgrounds by providing basic explanations of fundamental theories and attitudes in international law common law civil law and international business The format includes the methods of different traditions with extensive text familiar to civil law readers case excerpts familiar to common law readers and a large array of problems based on real cases and transactions to demonstrate the concepts and to practice and evaluate what has been learned The book also tackles current ethical and moral issues in international transactions particularly the relation of law and contracting to environmental protection workers rights and similar matters

International Sales Law Larry A. DiMatteo, André Janssen, Ulrich Magnus, Reiner Schulze, 2016

A Short Course in International Contracts 4th Ed., eBook Karla Shippey (C.), 2002

Twenty Years of International Sales Law Under the CISG, the Convention on Contracts for the International Sale of Goods: International Bibliography and Case Law Digest, 1980-2000 Michael Will, 2000-02-22 The United Nations Convention on Contracts for the International Sale of Goods CISG came into force in 1980 and has been ratified and adopted by over 50 of the world's major trading nations This landmark Convention has set the tone for the harmonization of international law and by its widespread acceptance spurred progress in the harmonization of laws in other areas Scholars and practitioners from around the world

have written extensively on the development and impact of the CISG while courts and arbitral tribunals have issued opinions and judgements based on articles of the Convention Because of this growing body of information a need arose for a reference work that would provide easy access to this subject For the past 20 years Professor Michael Will has been recognized as compiling the most definitive bibliography of books and articles on the CISG as well as a comprehensive digest of all cases related to the CISG Now that the Convention for the International Sale of Goods is reaching its twentieth anniversary and the number of writings on the CISG exceeds 2 000 items and case law and arbitral decisions number over 200 the time is opportune to publish Professor Will s important reference work for wider dissemination

The CISG's attempt to unify international sales law. An assessment of its successfulness Fabian Junge, 2016-01-15 Seminar paper from the year 2015 in the subject Law European and International Law Intellectual Properties grade 1 3 Maastricht University course International Commercial Law language English abstract One of the main constraints on cross border commerce has always been diverging national legal regimes With the emergence of globalization starting in the last century it became evident that there is a need to approximate the existing rules to foster international trade In theory this should allow all participating actors to benefit more than ever leading in the long run to greater wealth for everyone In 1980 42 countries agreed on the CISG to address hindrances to the growing international trade by adopting a default uniform international framework for the sales of goods The preamble specifies that the adoption of uniform rules which govern contracts for the international sale of goods and take into account the different social economic and legal systems would contribute to the removal of legal barriers in international trade and promote the development of international trade At the time of writing the CISG has been in force for 27 years and it is time to evaluate whether the goals the drafters had in mind have been achieved In order to assess the successfulness of the CISG to promote a unified international sales law a multitude of factors can be taken into account To not unduly exceed the limits of this paper the author determined three key criteria on whose basis the successfulness will be evaluated Firstly the acceptance of the CISG in the international community will be evaluated Secondly the influence of the CISG on subsequent international regional and domestic legislation and initiatives relating to sales and contract law will be addressed Lastly after determining the scope of application the paper focuses on the CISG s capacity to safeguard and foster its uniform application

Advanced Introduction to International Sales Law Clayton P. Gillette, 2016-03-25 Elgar Advanced Introductions are stimulating and thoughtful introductions to major fields in the social sciences and law expertly written by the world s leading scholars Providing a concise overview of the basic doctrines underlying the UN Convention on Contracts for the International Sale of Goods CISG Clayton Gillette explores their ambiguities and thus considers the extent to which uniform international commercial law is possible as well as appraising the extent to which the doctrines in the UN Convention reflect those that commercial parties would prefer With its compelling combination of doctrine and theory this book makes an ideal companion for students and legal scholars alike Key features include Concise and compact overview of

the CISG Includes contemporary developments Provides a theoretical basis for evaluating international sales law Considers perspectives of economic analysis of law **The role of good faith in international sales law** Nadiia

Kudriashova,2019-03-26 Diploma Thesis from the year 2016 in the subject Law European and International Law Intellectual Properties grade MA Columbia International University language English abstract The second half of the 20th century was characterized by a worldwide trend in the development of foreign economic trade relations and as a consequence the complication of the legal regulation of market relations in various international contracts commercial financial or cross border provision of services In the context of globalization which covered all spheres of society s life the content of international trade turnover is changing Its modern distinctive features are the following the expansion of trade items apart from the traditional trade in goods also trade in services intellectual property capital is increasingly taking place the emergence of new types of contracts factoring franchising etc strengthening the role of universal international treaties on trade services intellectual property the emergence of new world markets for currency and capital stepping up of the activities of international economic organizations introduction of new information technologies into the trade The indicator of growth in international trade turnover is also the growth in exports The rapid growth of the modern world economy the rapid development of economic and scientific and technical cooperation between different countries lead to the fact that the world economy increasingly acquires the features of a single organism beyond which no state of the world can function properly

Theory and Practice of International Commerce Archibald John Wolfe,1919 I The theory of international commerce II Problems of modern American export practice **Brochure - International Chamber of Commerce** International Chamber of Commerce,1929 **International Sales Law** Ingeborg Schwenzer,Christiana Fountoulakis,Mariel Dimsey,2019-04-18 This is the third edition of the casebook providing an article by article analysis of the CISG Convention Offering a fully updated range of materials this casebook is an excellent starting point for learning about the Convention and will be particularly useful for international trade lawyers practitioners and students The commentary on each article is accompanied by extracts from cases and associated comparative materials as well as references to important trade usages such as the INCOTERMS 2010 The book features an updated selection of the most significant cases each of which has been abridged to enable the reader to focus on its essential features and the relevant questions arising from it The case extracts are accompanied by a comprehensive overview of parallel provisions in other international instruments uniform projects and domestic laws The analyses cases texts and questions are intended to aid readers in their comparative law and international sales law studies They are designed to draw attention to the particular issues surrounding specific CISG provisions and to provoke careful consideration of possible solutions The book is a reference work as well as an introduction to the individual problem areas In particular it acts as a preparatory work for the Willem C Vis International Commercial Arbitration Moot Sample questions and answers are also included which make it particularly helpful for self study purposes **World Book,**

Inc. v. Department of Treasury, 459 MICH 403 (1999) ,1999 109841 **Guide to the International Sale of Goods Convention** William A. Hancock,2010 **International Sales Law** Larry A. DiMatteo,2005-09-05 This book assesses the state of international sales law and the provisions of the CISG **Motor World for Jobbers, Dealers and Garagemen** ,1917 **Traffic World and Traffic Bulletin** ,1928 **The Traffic World** ,1924
