Manfred B. Steger

Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization:

Globalisms Manfred B. Steger, 2008-12-16 This new edition of Manfred Steger's award winning book explores the three principal ideologies of our time the dominant market globalism based on a neoliberal vision of the world as a single marketplace the justice globalism developed over the last decade by a transnational coalition of global civil society forces and the jihadist globalism of radical Islamists seeking to galvanize their global community of believers into violent action Market globalism has responded to these challengers by turning into imperial globalism a political belief system that marries the capitalist language of the 1990s with the security concerns of our post 9 11 world Steger one of the world's leading scholars on these subjects explores globalization's central questions What exactly are the core claims of these conflicting globalisms How does the imperial globalism of the 2000s differ from the market globalism of the 1990s How has justice globalism managed to mature into a coherent ideology What are the most likely future trajectories of this great ideological struggle of the twenty first century Written with impressive historical and theoretical breadth this groundbreaking work is essential reading for all those concerned with the key questions that our shrinking world must face **Rethinking Globalism**

Manfred B. Steger, 2004 What is the hottest American export since 9 11 The contributors to this provocative volume contend that it is Western style globalism the dominant free market ideology that determines everything from most favored nation status to the declaration of war In this much needed post September 11 analysis an interdisciplinary team of authors shows how central concepts like globalization liberty free markets and free trade are increasingly being subordinated to and lumped together with the war on terrorism led by the U S and its allies The authors here hailing from all five continents contend that globalism is being adapted to particular social and political contexts in various parts of the world Nonetheless the impact of globalization with an ideological twist can be devastating as military operations and propaganda supplant transnational trade initiatives as the focal point of global exchange And ironically the post 9 11 framework contains a major ideological contradiction Social forces otherwise profiting from expanded global mobility and interchange must come to grips with necessary limitations on certain aspects of globalization This volume was handcrafted to outline the major lines of inquiry proposed for the new Globalization series edited by Manfred B Steger and Terrell Carver Writing in accessible engaging prose the contributors to this anchor volume consider themselves critical globalization theorists who seek to provide readers with a better understanding of how dominant beliefs about globalization fashion their realities and how these ideas can be changed to bring about more equitable social arrangements Books in the series will share the same perspective and goals

Globalisms Manfred B. Steger, 2019-09-27 Rather than reaching the end of ideology predicted only three decades ago we find ourselves in the throes of an intensifying ideological struggle over the meaning and direction of globalization Noted scholar Manfred B Steger introduces readers to the clashing political belief systems of our time market globalism justice globalism and religious globalism He shows how these globalisms have developed and how their competing ideas articulate

and legitimize particular political agendas He focuses especially on the ways this battle of ideas has been extended through the unexpectedly powerful surge of antiglobalist populism an ideological contender that stands in tension to pluralist values of liberal democracy Explaining the origins impacts and consequences of the recent populist challenge Steger considers the future prospects for the established globalisms in what promises to be a tumultuous decade as global problems such as climate change pandemics transnational terrorism financial crises and cyber warfare threaten humanity s collective future

Introduction to International Political Economy David N. Balaam,Bradford Dillman,2015-07-17 A complete and accessible overview of how politics and economics collide in a global context This text surveys the theories institutions and relationships that characterize IPE and highlights them in a diverse range of regional and transnational issues The bestseller in the field Introduction to International Political Economy positions students to critically evaluate the global economy and to appreciate the personal impact of political economic and social forces Ideology in a Global Age R. Soborski,2013-06-11 This book challenges the popular view that established ideologies no longer make sense in today s globalizing world Considered from a broad historical perspective major ideological traditions have not become destabilized and incoherent by globalization but remain meaningful political beliefs that shape the globalization debate Vulnerability Henk ten Have,2016-04-08 Alongside globalization the sense of vulnerability among people and populations has increased We feel vulnerable to disease as new infections spread rapidly across the globe while disasters and climate change make health increasingly precarious Moreover clinical trials of new drugs often exploit vulnerable populations in developing countries that otherwise have no access to healthcare and new genetic technologies make people with disabilities vulnerable to discrimination Therefore the concept of vulnerability has contributed new ideas to the debates about the ethical dimensions of medicine and healthcare This book explains and elaborates the new concept of vulnerability in today s bioethics Firstly Henk ten Have argues that vulnerability cannot be fully understood within the framework of individual autonomy that dominates mainstream bioethics today it is often not the individual person who is vulnerable rather that his or her vulnerability is created through the social and economic conditions in which he or she lives Contending that the language of vulnerability offers perspectives beyond the traditional autonomy model this book offers a new approach which will enable bioethics to evolve into a global enterprise This groundbreaking book critically analyses the concept of vulnerability as a global phenomenon It will appeal to scholars and students of ethics bioethics globalization healthcare medical science medical research culture law and politics **European Journal of East Asian Studies** ,2008 Globalization: A Very Short Introduction Manfred Steger,2013-04-04 Globalization has become one of the defining buzzwords of our time a term that describes a variety of accelerating economic political cultural ideological and environmental processes that are rapidly altering our experience of the world It is by its nature a dynamic topic and this Very Short Introduction has been fully updated for a third edition to include recent developments in global politics the global economy and environmental issues

Presenting globalization in accessible language as a multifaceted process encompassing global regional and local aspects of social life Manfred B Steger looks at its causes and effects examines whether it is a new phenomenon and explores the question of whether ultimately globalization is a good or a bad thing ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Globalization: A Very Short Introduction* Manfred B. Steger,2003-03-27 Offers a stimulating introduction to globalization and its varying impacts across between and within societies It is a highly readable book that contributes to a better understanding of the crucial aspects and dimensions of the developments and transformations that go by the name of globalization Globalization has become the buzz word of our time A growing number of scholars and political activists have invoked the term to describe a variety of changing economic political cultural ideological and environmental processes that are alleged to have accelerated in the last few decades Rather than forcing such a complex social phenomenon into a single conceptual framework Manfred Steger presents globalization in plain readable English as a multifaceted process encompassing global regional and local aspects of social life In addition to explaining the various dimensions of globalization the author explores whether globalization should be considered a good or bad thing a question that has been hotly debated in classrooms boardrooms and on the streets *The British National Bibliography* Arthur James Wells,2009 **The Writers Directory**,2013 **The Struggle for the World** Charles Lindholm,José Pedro Zúquete,2010-03-09 This controversial book establishes fundamental similarities between anti globalization aurora movements offering a new understanding of the sources and significance of resistance to the spiritual conditions of the modern world **The Israeli Memory Struggle** Jakob Feldt,2007 The Israeli Memory Struggle analyzes changes in Israeli perspectives of its history and identity through the 1990s This particular decade of Israeli history was characterized by significant cultural clashes and vigorous debates over Jewish Israeli history identity literature and not the least the peace process between Israel and the Palestinians The book provides thought provoking perspectives on issues related to the so called post Zionism debates and the globalization of Israeli society through the 1990s It critically investigates the new Israeli historians prominent authors of the 1990s diasporic philosophy and Israel s 50th anniversary in 1998 in the shape of the TV documentary Tekumah Finally the book discusses new tendencies in Israeli culture that are suggestive to Jewish Israeli identity in the age of globalization *Globalization in the 21st Century* Manfred B. Steger,2024-01-04 The fate of globalization in the 21st century hangs in the balance Although recent data show that most global integration has been on the rebound after the 2008 9 global financial meltdown and the COVID 19 pandemic public sentiments about globalization have soured The neoliberal glorification of globalization as beneficial market integration is running out of steam while national populist visions of deglobalization exert significant mass appeal Today s ostensible

globalization backlash scenario seems to be confirmed by soaring inflation rates global supply chain disruptions accelerating climate change and ecological deterioration lagging transitions to greener forms of energy escalating economic inequality and rising geopolitical competition among the Great Powers especially the United States China rivalry and the protracted Russian Ukrainian war On the flipside however such grim scenarios reinforce the fact that most of today's problems are global in nature This book provides an accessible assessment of 21st century globalization that draws on global theory and history to engage pressing issues such as digitization ideological polarization higher education demographics human development and the environment Assembling such a big picture of globalization in this young century supports the practical efforts of setting the globe on a more equitable and sustainable path

Globalisms Manfred B. Steger, 2019-09-27 Rather than reaching the end of ideology predicted only three decades ago we find ourselves in the throes of an intensifying ideological struggle over the meaning and direction of globalization Noted scholar Manfred B Steger introduces readers to the clashing political belief systems of our time market globalism justice globalism and religious globalism He shows how these globalisms have developed and how their competing ideas articulate and legitimize particular political agendas He focuses especially on the ways this battle of ideas has been extended through the unexpectedly powerful surge of antiglobalist populism an ideological contender that stands in tension to pluralist values of liberal democracy Explaining the origins impacts and consequences of the recent populist challenge Steger considers the future prospects for the established globalisms in what promises to be a tumultuous decade as global problems such as climate change pandemics transnational terrorism financial crises and cyber warfare threaten humanity's collective future

Globalism Manfred B. Steger, 2002 Globalism The New Market Ideology rejects the notion that we find ourselves at the end of ideology and that democracy has won Instead Steger argues that the opening decade of the 21st century will constitute a teeming battlefield of clashing ideologies The chief protagonist is the dominant neoliberal market ideology Steger calls globalism After identifying and evaluating the five central claims of globalism including assertions that globalization is inevitable nobody is in charge of globalization and globalization benefits everyone Steger offers an overview of the counterclaims made by anti globalist forces Visit our website for sample chapters

Sociological Abstracts, 2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers

Globalization Matters Manfred B. Steger, Paul James, 2019-08-08 By addressing the major contemporary challenges to globalization this study explains why and how the global continues to matter in our unsettled world

References Index *Globalization and Ideology* Manfred B. Steger, 2025-02-06 This text provides the reader with a transdisciplinary global studies perspective of the political significance of globalization as articulated in today's three main globalisms: market globalism, justice globalism, and religious globalism. *Globalization and Ideology: A Global Studies Perspective* brings together subjective and objective aspects of globalization that are usually treated separately from each other. Focusing on the transformation of the contemporary ideological landscape, the book is divided into three parts containing an original preface and nine chapters. Collectively, the chapters respond to a broad range of questions including: How are political ideologies and social imaginaries being transformed in the global age? What sorts of ideological claims are being generated by the three main globalisms? How do these political ideas play out in concrete social, political, and cultural contexts? How do globalisms shape urban spaces and popular images, and how in turn are they shaped by global ideologies? How are traditional academic disciplines like political theory responding to global flows of ideas and theories that cut across conventional scholarly boundaries? What does the fledgling field of global studies contribute to new forms of knowledge on these subjects? What is the relationship between globalizing ideologies and post-9/11 American Empire? Why has there been a surge of religious globalisms such as jihadist Islamism, Christian global fundamentalism, Falun Gong syncretism, and Buddhism? Is the World Social Forum an effective site of ideological counter-production capable of generating appealing political visions of another world opposed to market globalisms? Has the lingering Great Recession halted the worldwide ascent of neoliberalism, or will it regain its former glory? Rather than reaching the end of ideology, are we entering a new era of global ideological struggle?

As recognized, adventure as with ease as experience roughly lesson, amusement, as skillfully as accord can be gotten by just checking out a book **Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization** furthermore it is not directly done, you could take even more a propos this life, not far off from the world.

We come up with the money for you this proper as well as simple mannerism to get those all. We find the money for Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization and numerous book collections from fictions to scientific research in any way. accompanied by them is this Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization that can be your partner.

Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization Introduction

In today's digital age, the availability of Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range

of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books and manuals for download and embark on your journey of knowledge?

FAQs About Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization Books

1. Where can I buy Globalisms The Great Ideological Struggle Of The Twenty First Century Globalization books?
