Gender And Climate Change Impacts Science Policy

Carl Mitcham

Gender And Climate Change Impacts Science Policy:

Gender and Climate Change Joane Nagel, 2015-09-25 Does gender matter in global climate change This timely and provocative book takes readers on a guided tour of basic climate science then holds up a gender lens to find out what has been overlooked in popular discussion research and policy debates We see that around the world more women than men die in climate related natural disasters the history of science and war are intimately interwoven masculine occupations and preoccupations and conservative men and their interests drive the climate change denial machine We also see that climate policymakers who embrace big science approaches and solutions to climate change are predominantly male with an ideology of perpetual economic growth and an agenda that marginalizes the interests of women and developing economies The book uses vivid case studies to highlight the sometimes surprising differential gendered impacts of climate changes

Understanding Climate Change through Gender Relations Susan Buckingham, Virginie Le Masson, 2017-05-08 This book explains how gender as a power relationship influences climate change related strategies and explores the additional pressures that climate change brings to uneven gender relations It considers the ways in which men and women experience the impacts of these in different economic contexts The chapters dismantle gender inequality and injustice through a critical appraisal of vulnerability and relative privilege within genders Part I addresses conceptual frameworks and international themes concerning climate change and gender and explores emerging ideas concerning the reification of gender relations in climate change policy Part II offers a wide range of case studies from the Global North and the Global South to illustrate and explain the limitations to gender blind climate change strategies This book will be of interest to students scholars practitioners and policymakers interested in climate change environmental science geography politics and gender studies

Routledge Handbook of Gender and Environment Sherilyn MacGregor, 2017-07-14 The Routledge Handbook of Gender and Environment gathers together state of the art theoretical reflections and empirical research from leading researchers and practitioners working in this transdisciplinary and transnational academic field Over the course of the book these contributors provide critical analyses of the gender dimensions of a wide range of timely and challenging topics from sustainable development and climate change politics to queer ecology and interspecies ethics in the so called Anthropocene Presenting a comprehensive overview of the development of the field from early political critiques of the male domination of women and nature in the 1980s to the sophisticated intersectional and inclusive analyses of the present the volume is divided into four parts Part I Foundations Part II Approaches Part III Politics policy and practice Part IV Futures Comprising chapters written by forty contributors with different perspectives and working in a wide range of research contexts around the world this Handbook will serve as a vital resource for scholars students and practitioners in environmental studies gender studies human geography and the environmental humanities and social sciences more broadly

Handbook on Gender and War Simona Sharoni, Julia Welland, Linda Steiner, Jennifer Pedersen, 2016-07-27 This interdisciplinary Handbook offers a

comprehensive and detailed overview of the relationship between gender and war exploring the conduct of war its impact aftermath and opposition to it Offering sophisticated theoretical insights and empirical research from the First World War to contemporary conflicts around the world this Handbook underscores the centrality of gender to critical examinations of war

The Sage International Encyclopedia of Politics and Gender Lia K. Roberts, 2025-09-08 This four volume encyclopedia set is organized to allow the reader to explore gender and politics from an updated interdisciplinary intersectional and global perspective The organization format will be an A Z approach of approximately 500 600 entries with entries ranging in word count from 1 500 3 000 words with some entries on foundational topics at around 5 000 Coverage will examine both the role gender plays within the realm of politics political participation leadership etc as well as policies that are based in gender abortion and reproductive policies transgender rights etc Foundational topics will include entries such as International Security and Gender which will introduce gender and war human trafficking gender and militarism and women and terrorism and International Relations and Gender which will introduce topics such as gender mainstreaming the Convention on the Elimination of All Forms of Discrimination Against Women CEDAW and eco feminism A Comparative Politics foundational entry will focus on research areas surrounding political representation and participation legislative processes and law such as gender quotas gender gap in political participation and leadership intersectionality and barriers in representation and leadership Ni Unos Menos Not One Less Movement recent significant activist movements and transgender specific law Concepts connected to feminist and queer theory as applied in regional studies will also be covered For example marianismo or the connection between Catholicism and gender roles in Latin American and Latinx communities Asian American and Pacific Islander AAPI voters and political mobilization and LGBTQIA leaders and social movements will be included This encyclopedia will be essential for any undergraduate or graduate course on gender studies in gender studies programs as well as sociology political science history or other related programs disciplines gender and politics international relations and gender or area specific courses such as Gender and Latin American Politics or Gender and African Studies

Environmental Governance in Indonesia Annisa Triyanti, Mochamad Indrawan, Laely Nurhidayah, Muh Aris Marfai, 2023-02-02 This open access book presents the state of the art environmental governance research and practices in Indonesia It offers a wide scope covering different sectors e g forestry mining and geographical landscapes e g inland and coastal areas This book engages with existing theories and frameworks including Earth System Governance Adaptive and Interactive Governance among others to trigger a debate regarding the operationalization of such concepts which are mostly developed for the Global North context It is also our ambition to incorporate more empirical knowledge from local contexts to indicate research gaps and future directions for environmental governance research agenda to be more diverse inclusive and facilitate the incorporation of inter and transdisciplinary knowledge This book will be useful for researchers students practitioners and policymakers who are interested in the field of environmental governance especially in Indonesia Indonesia

is one of the countries with the fastest growing economies in Asia Indonesia is rich in natural resources but also suffers from overexploitation and environmental threats exacerbated by climate and human pressures Along with the growing global ambitions for achieving sustainable development and capacity to adapt to current and future threats including climate change impacts and disaster risk Indonesia's commitments to balance development while safeguarding a good environmental status are also increasing The challenge is on how to govern complex and systemic natural social and governance systems while adhering to the principle of equity and justice As it will require more than traditional hierarchical modes of governance and current regulatory instruments i.e. law and regulations This is an open access book Stocktaking 10 Years of "Women in Science" Policy by the European Commission 1999-2009 European Commission. Directorate General for Research, 2010 Ten years ago the European Commission started its activities on women in science This Report records this ten year history analyses the activities undertaken provides an assessment of their effectiveness and appropriateness and whenever possible includes a reflection on what did not work what was not done and how these omissions could be addressed The authors believe that this report a stocktaking of 10 years of activities on women in science Will help the European Commission to make decisions on future policy because of the perspective provided by the process of taking stock And this report should also help future proposal presenters providing them with the background to the topic and the details of previously funded projects thereby placing the Framework Programme calls into a policy development context Editor **Climate Change 2007: Impacts, adaptation and vulnerability**, 2007 **World Social Science Report**, 2013 **Research, Action and Policy: Addressing the Gendered Impacts of Climate Change** Margaret Alston, Kerri Whittenbury, 2012-11-13 Research Action and Policy Addressing the Gendered Impacts of Climate Change presents the voices of women from every continent women who face vastly different climate events and challenges The book heralds a new way of understanding climate change that incorporates gender justice and human rights for all **Nigerian Journal of Social Sciences**, 2015 **Sociological Abstracts** Leo P. Chall, 2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers *The Hidden Costs of Coastal Hazards* H. John Heinz III Center for Science, Economics, and the Environment. Panel on Risk, Vulnerability, and the True Costs of Coastal Hazards, The H. John Heinz III Center for Science, Economics, and the Environment, 2000 Society has limited hazard mitigation dollars to invest Which actions will be most cost effective considering the true range of impacts and costs incurred In 1997 the H John Heinz III Center for Science Economics and the Environment began a two year study with a panel of experts to help develop new strategies to identify and reduce the costs of weather related hazards associated with rapidly increasing coastal development activities The Hidden Costs of Coastal Hazards presents the panel's findings offering the first in depth study that considers the costs of coastal hazards to

natural resources social institutions business and the built environment Using Hurricane Hugo which struck South Carolina in 1989 as a case study it provides for the first time information on the full range of economic costs caused by a major coastal hazard event The book describes and examines unreported undocumented and hidden costs such as losses due to business interruption reduction in property values interruption of social services psychological trauma damage to natural systems and others examines the concepts of risk and vulnerability and discusses conventional approaches to risk assessment and the emerging area of vulnerability assessment recommends a comprehensive framework for developing and implementing mitigation strategies documents the human impact of Hurricane Hugo and provides insight from those who lived through it The Hidden Costs of Coastal Hazards takes a structured approach to the problem of coastal hazards offering a new framework for community based hazard mitigation along with specific recommendations for implementation Decisionmakers both policymakers and planners who are interested in coastal hazard issues will find the book a unique source of new information and insight as will private sector decisionmakers including lenders investors developers and insurers of coastal property

Climate Change, Gender and Vulnerable Groups in Bangladesh ,2009 *An Institutional Collaboration for the Formulation of the Philippine Strategy on Climate Change Adaptation* ,2009

Climate Change and Its Implications ,2007 This publication highlights key issues of relevance for climate change and poverty reduction and provides recommendations for Commonwealth Finance Ministers and Commonwealth Heads of Government The ideas presented here come from civil society organisations and form a background paper to a pan Commonwealth civil society consultation process in Georgetown Guyana held before the 2007 Commonwealth Finance Ministers Meeting The concluding statement of the civil society consultation is also presented
