Gendering Orientalism Race Femininity And Representation Author Reina Lewis Published On December 1995:

Amy Levy Naomi Hetherington, Nadia Valman, 2010-04-06 Amy Levy has risen to prominence in recent years as one of the most innovative and perplexing writers of her generation. Embraced by feminist scholars for her radical experimentation with queer poetic voice and her witty journalistic pieces on female independence, she remains controversial for her representations of London Jewry that draw unmistakably on contemporary antisemitic discourse. *Amy Levy: Critical Essays* brings together scholars working in the fields of Victorian cultural history, women's poetry and fiction, and the history of Anglo Jewry. The essays trace the social, intellectual and political contexts of Levy's writing and its contemporary reception. Working from close analyses of Levy's texts, the collection aims to rethink her engagement with Jewish identity, to consider her literary and political identifications, to assess her representations of modern consumer society and popular culture, and to place her life and work within late Victorian cultural debate. This book is essential reading for undergraduate and postgraduate students, offering both a comprehensive literature review of scholarship to date and a range of new critical perspectives. Contributors: Susan David Bernstein, University of Wisconsin-Madison; Gail Cunningham, Kingston University; Elizabeth F. Evans, Pennsylvania State University; DuBois Emma Francis, Warwick University; Alex Goody, Oxford; Brookes University; T. D. Olverson, University of Newcastle upon Tyne; Lyssa Randolph, University of Wales Newport; Meri Jane Rochelson, Florida International University.

Gendering Orientalism Reina Lewis, 2017-08-25 In contrast to most cultural histories of imperialism which analyse Orientalist images of rather than by women, *Gendering Orientalism* focuses on the contributions of women themselves. Drawing on the little-known work of Henriette Browne, other lost women Orientalist artists, and the literary works of George Eliot, Reina Lewis challenges masculinist assumptions relating to the stability and homogeneity of the Orientalist gaze. *Gendering Orientalism* argues that women did not have a straightforward access to an implicitly male position of western superiority. Their relationship to the shifting terms of race, nation and gender produced positions from which women writers and artists could articulate alternative representations of racial difference. It is this different and often less degrading gaze on the Orientalized Other that is analysed in this book. By revealing the extent of women's involvement in the popular field of visual Orientalism and highlighting the presence of Orientalist themes in the work of Browne, Eliot and Charlotte Brontë, Reina Lewis uncovers women's roles in imperial culture and discourse. *Gendering Orientalism* will appeal to students, lecturers and researchers in cultural studies, literature, art history, women's studies and anthropology.
