*The Gothic Ideology* Diane Long Hoeveler, 2014-05-10 The Gothic Ideology argues that in order to modernize and secularize the British Protestant imaginary needed an other against which it could define itself as a culture and a nation with distinct boundaries The Gothic ideology is identified as an intense religious anxiety produced by the aftershocks of the Protestant reformation the Catholic Counter Reformation and the dynastic upheavals produced by both events in England Germany and France and was played out in hundreds of Gothic texts published throughout Europe between the mid eighteenth century and 1880 This book is the first to read the Gothic ideology through the historical context of both King Henry VIII's dissolution of the monasteries and the extensive French anti clerical and pornographic works that were well known to Horace Walpole and Matthew Lewis The book argues that Gothic was thoroughly invested in a crude form of anti Catholicism that fed lower class prejudices against the passage of a variety of Catholic Relief Acts that had been pending in Parliament since 1788 and finally passed in 1829

*To Meddle with Matters of State* Christoph Ketterer, 2020-03-09 Die Studie analysiert die politische Dimension protestantischer und römisch katholischer Predigten an den Höfen von Karl II 1660 1685 und Jakob II 1685 1688 89 vor dem englischen Parlament und in den Kirchen Londons Vor dem Hintergrund ungelöster politischer und konfessioneller Spannungen nach der Restauration suchten Predigten mit Kritik an Machthabern und deren Beratung Einfluss auf den religiösen und politischen Diskurs zu nehmen Das Verhältnis von geistlicher und weltlicher Macht sowie der Umgang mit der multikonfessionellen Situation in England sind dabei zentrale Themen Das Vorhandensein einer differenzierten Rezeptionskultur für die Predigten als einmalige Aufführung und als Texte bedeutsam waren zeigt die fortbestehende Wichtigkeit der Predigt in der Restauration In this volume Christoph Ketterer analyses political preaching during the reigns of Charles II 1660 1685 and James II 1685 1688 89 He argues that the political importance of sermons preached at court before Parliament and in the churches of London is based on the unsolved political and confessional tensions of the era Preachers relatively freely discussed questions of religious tolerance models of political power and could offer counsel and criticism to those in power They were in a position to influence the political and religious discourse of Restoration England In addition a refined culture of reception existed and listeners readers as well as preachers were acutely aware of the sermon genre's performative dimension Sermons therefore continued to be of central importance for the political and religious discourse of the Restoration
