Literary Translation and Cultural Mediators in 'Peripheral' Cultures Diana Roig-Sanz, Reine Meylaerts, 2018-07-20 This book sets the grounds for a new approach exploring cultural mediators as key figures in literary and cultural history It proposes an innovative conceptual and methodological understanding of the figure of the cultural mediator defined as a cultural actor active across linguistic cultural and geographical borders occupying strategic positions within large networks and being the carrier of cultural transfer Many studies on translation and cultural mediation privileged the major metropolis of Paris London and New York as centres of cultural production and translation However other cities and megacities that are not global centres of culture also feature vibrant translation scenes This book abandons the focus on innovative centres and imitative peripheries and follows processes of cultural exchange as they develop Thus it analyses the role of cultural mediators as customs officers or smugglers or both in different proportions in so called peripheral cultures and offers insights into an under analysed body of actors and institutions promoting intercultural transfer in often multilingual and less studied venues such as Trieste Tel Aviv Buenos Aires Lima Lahore or Cape Town
