Doing Ethics Lewis Vaughn 3rd Edition Ebook:

The Modernization of the Western World John McGrath, Kathleen Callanan Martin, 2017-11-06 The Modernization of the Western World presents an overview of the history of Western civilization and provides readers with the intellectual tools they need to comprehend how societies function and change. Covering Western history from ancient history to the current era of globalization, it draws on the tradition of historical sociology to describe the forces of social change and what they have meant to the lives of the people caught in the midst of them. This second edition is revised throughout to bring the content up to date with recent developments and discusses key themes such as terrorism, refugees, the European Union, and multinational corporations. It also includes a new chapter on the Ancient World, covering this era from the advent of urbanization and agriculture in the Middle East to the fall of Rome and emergence of Christianity, providing valuable historical context. Clear and concise, this book succinctly illustrates the essential turning points in the history of Western society and identifies the economic, social, political, and cultural forces that are transforming the wider world to this day. Illustrated with maps and images and containing a glossary and new boxed features explaining key concepts, this is the perfect introductory book for students of the development of Western civilization. **Doing Ethics** Lewis

Bibliography, 1978-11 **Paperbound Books in Print**, 1992 **The Power of Critical Thinking** Lewis Vaughn, 2010 The Power of Critical Thinking: Effective Reasoning About Ordinary and Extraordinary Claims. Third Edition presents the broadest range of tools for today's critical thinking students to apply in any arena, from everyday life to academia and from science to the media. It explores the essentials of critical reasoning, argumentation, logic, and argumentative essay writing while also incorporating important topics that most other texts leave out, such as inference to the best explanation, scientific reasoning, evidence, and authority, visual reasoning, and obstacles to critical thinking. The Power of Critical Thinking, Third Edition, integrates many pedagogical features, including hundreds of diverse exercises, examples, and illustrations; text boxes that apply critical thinking to student experience; step-by-step guidelines for evaluating claims, arguments, and explanations; a glossary of important terms; many reminders, summaries, and review notes; and five progressive stand-alone writing modules interspersed throughout the text. Written in a student-friendly style and enhanced by humor, this text is ideal for courses in critical thinking, introduction to logic, informal logic, argumentative writing, and introduction to argumentation. New to the Third Edition: Six new Essays for Evaluation, three pairs arranged in a pro/con format, each pair debating a single issue; An expanded Chapter 11 on moral reasoning; New, more instructive photos that encourage critical thinking about visual elements.

More guidance on doing research and judging sources A revised text box program that includes Newsmakers and From the Web in addition to For Further Thought Updated pop culture and political references and examples many ripped from the headlines or drawn from everyday life Companion Resources The Power of Critical Thinking Third Edition is supplemented by an Instructor s Manual and Test Bank in print and an Instructor s Manual with Computerized Test Bank on CD The Computerized Test Bank is a completely customizable bank of questions to aid in the creation of exams and quizzes Both versions of the Instructor s Manual feature notes on using the text effectively sample syllabi links to websites of interest lectures in PowerPoint format chapter summaries and answers to the exercises in the text Also available is a Companion Website at www.oup.com/us/criticalthinking that includes all the information found in the Instructor s Manual along with a student study guide featuring a summary of the main points of each chapter study questions short review quizzes flashcards web links and additional chapter exercises Course Cartridges for a variety of e learning environments allow instructors to create their own course websites with the interactive material from the instructor and student companion websites
