PRIVATE

LABEL

RIGHTS

What are PLR Products?

PLR refers to materials such as articles, video training, and lead magnets which can be purchased and used for a variety of purposes. Private Label Rights depend on exactly what the vendor allows, but there are some industry standards. In most cases, you can use PLR content in any way other than giving it away for free or passing on the private label rights.

How to Use PLR Content?

Make sure you understand the rights you have over the content, and then (if you're able) recreate it. A standard approach to rewriting a PLR ebook is to read it, completely rewrite the beginning and ending, and then change/edit/add to anything you think needs extra attention. This saves you a lot of planning and writing, but still allows you to put your unique spin on the book.

What to Use PLR For?

You can use PLR products for anything that the rights permit. Best usage cases will depend on the type of product you purchase. Articles are easy to break up and use as emails and social media posts. Ebooks can be quickly rewritten and then sold or used as bonuses or lead magnets. Some PLR is even suitable for use as internal training materials, especially after you've modified it to your specifications.

E-Zine Publishing Mastery Anthony Ekanem,2016-06-22 E zine publishing is an online magazine Much like in real life it is simply a magazine that is delivered in a digital form Most of the E zines today are targeted towards Internet distribution and is meant to promote a website Normally an E zine usually caters to a particular niche or topic It could be anything from How to make money online to How to train your pet E zines are distributed to their subscribers normally through e mail Normally people send E zines to be published on a consistent pre planned basis For example an e mail will be sent out every day every three days weekly biweekly or monthly These E zines are distributed using an autoresponder An autoresponder is programmed for every subscriber to receive the e mails in a chronological format in a sequential order This is the biggest difference between an E zine and its offline counterpart An E zine can send previous issues anytime regardless of when the subscriber has opted in to the E zine The autoresponder will do its job of follow up from the day the subscriber has opted in and will follow through until its run is exhausted Today the majority of E zines are website driven It would be a surprising fact to know that the first E zines were delivered on an electronic format such as CD ROM and delivered to the subscriber s house by mail That was in the stone age when the power of e mails and autoresponders were not realized yet But now the majority of the formats stick with e mails or they send out notifications or updates in conjunction with websites or blogs The e mail usually contains the issue itself or a summarized format that ultimately links back to the original website for the main cheese
