Doing Literary Criticism The Cultivation Of Thinkers In The Classroom:

Doing Literary Criticism Tim Gillespie, 2024-11-01 One of the greatest challenges for English language arts teachers today is the call to engage students in more complex texts Tim Gillespie who has taught in public schools for almost four decades has found the lenses of literary criticism a powerful tool for helping students tackle challenging literary texts Tim breaks down the dense language of critical theory into clear lively and thorough explanations of many schools of critical thought reader response biographical historical psychological archetypal genre based moral philosophical feminist political formalist and postmodern *Doing Literary Criticism* gives each theory its own chapter with a brief teacher friendly overview and a history of the approach along with an in depth discussion of its benefits and limitations Each chapter also includes ideas for classroom practices and activities Using stories from his own English classes from alternative programs to advance placement and everything in between Tim provides a wealth of specific classroom tested suggestions for discussion essay and research paper topics recommended texts exam questions and more The accompanying CD offers abbreviated overviews of each theory designed to be used as classroom handouts examples of student work collections of quotes to stimulate discussion and writing an extended history of women writers and much more Ultimately *Doing Literary Criticism* offers teachers a rich set of materials and tools to help their students become more confident and able readers writers and critical thinkers

Pitfalls of AI Integration in Education: Skill Obsolescence, Misuse, and Bias Garcia, Manuel B., Rosak-Szyrocka, Joanna, Bozkurt, Aras, 2025-05-09 The integration of artificial intelligence AI in education rapidly transforms the teaching and learning process Recent systematic reviews have shown an increase in research studying the opportunities and challenges associated with AI in education This trend reflects a growing recognition of its potential to revolutionize educational practices However there are also growing concerns and issues with skill obsolescence leading to job displacement algorithm bias and misuse of AI for academic dishonesty As educational institutions increasingly rely on AI to enhance academic outcomes proactively addressing these challenges ensures the ethical and responsible use of AI in education *Pitfalls of AI Integration in Education Skill Obsolescence Misuse and Bias* offers a targeted exploration of the critical challenges and concerns that arise as AI becomes more embedded in educational systems Focusing on emerging issues it addresses the gaps in current research and practice shedding light on the ethical practical and pedagogical dilemmas that educators students and institutions face Covering topics such as school infrastructure critical academic skills and intellectual property protection this book is an excellent resource for educators school administrators policymakers professionals researchers academicians and more

Critical Encounters in Secondary English Deborah Appleman, 2023-12-22 Grounded in solid theory with new field tested classroom activities the fourth edition of *Critical Encounters in Secondary English* continues to help teachers integrate the lenses of contemporary literary theory into practices that have always defined good pedagogy The most significant change for this edition is the addition of Critical Race Theory CRT as an analytical lens CRT offers teachers fresh

opportunities for interdisciplinary planning and teaching as it lends itself to lessons that encompass a variety of disciplines such as history sociology psychology and science As with the previous edition each chapter concludes with a list of suggested nonfiction pieces that work well for the particular lens under discussion This popular text provides a comprehensive approach to incorporating nonfiction and informational texts into the literature classroom with new and revised classroom activities appropriate for today s students Book Features Helps both pre and inservice ELA teachers introduce contemporary literary theory into their classrooms Offers lucid and accessible explications of contemporary literary theory Provides dozens of innovative and field tested classroom activities Tackles the thorny issue of Critical Race Theory in helpful and practical ways Praise for the Third Edition What a smart and useful book It provides teachers with a wealth of knowledge and material to help their students develop critical perspective and suppleness of thought Mike Rose University of California Los Angeles This Third Edition proves that Appleman still has her hand on the pulse of the rapidly changing landscape of education Ernest Morrell Teachers College Columbia University This new edition of Deborah Appleman s now classic book demonstrates even more dramatically than previously how the critical theories she so skillfully teaches serve not only as lenses for the reading of literature but as tools for discovering interrogating and challenging injustice hypocrisy and the hidden power relations that students are likely to encounter Sheridan Blau Teachers College Columbia University

Learning to Enjoy Literature Thomas M. McCann, John V. Knapp, 2021-07-01 Students will not become enthusiastic readers of literature from a teacher simply assigning reading tasks and assessing the completion of the tasks especially when the assessment takes the form of threatened quizzes Instead as this book shows teachers have an obligation to reveal to learners the procedures that skilled readers follow as they work with and enjoy literature and a further obligation to help learners to recognize some value in tackling complex works of literature
