Doing Research On Sensitive Topics:

Doing Research on Sensitive Topics Raymond M. Lee, 1993-03-16 This book is a comprehensive guide to the methodological ethical and practical issues involved in undertaking research on sensitive topics Raymond M Lee explores the reasons why social research may be politically or socially contentious its relation to issues of social or political power its capacity to encroach on people's lives and its potentially problematic nature for the researcher Issues examined include the choice of methodologies for sensitive research problems of estimating the size of hidden populations questions of sampling surveying and interviewing and sensitivity in access and the handling of data The book also discusses the political and ethical issues at stake in the relations between the researcher and the researched and in the disclosure dissemination and publication of research

Practical and Ethical Dilemmas in Researching Sensitive Topics with Populations Considered Vulnerable Ana Patrícia Hilário, Fábio Rafael Augusto, 2020-11-06 This book seeks to support social science researchers who interact with vulnerability and or sensitivity in the context of their research Whilst there has been some important debate about the theoretical methodological and ethical issues of conducting research on sensitive topics and or with vulnerable populations the number of scholarly publications focused solely on these topics is limited and not up to date The book intends to fill this gap by providing various research experiences as well as the elements that characterize them The articles selected for this book intend first and foremost to stimulate reflexivity amongst the use of the concepts of sensitive topics and vulnerable groups and to provide tools that will allow researchers to improve their research practices The book integrates several articles that explore a wide range of dilemmas that to a certain extent might allow the reader to access the backstage of this type of research The reader will find here a rich and fruitful space for theoretical and empirical reflection where several social science researchers with different backgrounds share their experiences and research paths in a rigorous and creative way

Researching Sensitive Topics Claire M. Renzetti, 1993 Social scientists are increasingly called upon to carry out research on topics that are sensitive in the sense that they deal with behaviour that is intimate discreditable or incriminating Such topics not only pose difficult technical problems but also raise questions regarding the ethics and politics of research Aiming to acquaint researchers with the tools and experiences of colleagues in various fields on methods of researching these topics distinguished researchers from across the social sciences explore such issues as cross cultural research disclosure and the dissemination of research findings feminist methodologies and self censorship
