

Evidence and Commentary Examples: Argumentative Essay

Prompt: 2004 AP Lang, PRQ 3, Argumentative

"In her 2004 book, *Secret Anxiety*, Anne de Botton argues that the chief aim of humorists is not merely to entertain, but "to convey with ingenuity messages that might be dangerous or impossible to state directly."

Because society allows humorists to say things that other people cannot or will not say, de Botton sees humorists as serving a vital function in society. Think about the implications of de Botton's view of the role of humorists (cartoonists, stand-up comic's, satirical writers, hosts of television programs, etc.). Then write an essay that defends, challenges, or qualifies de Botton's claim about the vital role of humorists. Use specific, appropriate evidence to develop your position."

Activities

The following examples are all variations of the same body paragraph. The best form of the paragraph is the Example of a 4, while the worst form of the paragraph is the Example of a 1. Pay attention to the gradual growth (building) of the paragraph as it goes from a 1 to a 4, particularly its expanding of evidence, its strengthening of connections between evidence and claims, and its development of thoughtful reflection.

Example of a 1

...restates the prompt with a weak example and little commentary

"Humorists are important. The very significance of humorists can be seen by political cartoonist Thomas Nast, most noted for his funny depictions of New York's state senator in during the 1870s, William Tweed. He is called the senator a liar, thief. Nast made cartoons that were funny and satirical. They were meant to attack him. The satirical images that the cartoonist had published, messed up William Tweed in the public's perception. Thus, humorists are important because their humor can provide."

Example of a 2

...expands somewhat on the content of the example but doesn't offer much in the way of thoughtful reflection, or connections between the example and the claims related

"The very significance of humorists can be exemplified by political cartoonist Thomas Nast, most noted for his satirical depictions of New York's corrupt state senator in during the 1870s, William Tweed. Nast challenged authority and made change. If we are to make change, we have to hold people accountable, and that's what Nast did. This is always better when it is said with a joke because jokes are more acceptable than harsh words. Nast ridiculed the senator with a series of satirical cartoons that depicted Tweed as a liar, thief, and even vulgar. Proving to be influential, Tweed lost his reelection because of Nast."
