Embodied Faith Reflections On A Materialist Spirituality:

Embodied Faith Ola Tjørhom, 2009-04-06 The materialist spirituality in Embodied Faith is biblically grounded and it smells of earth even as it offers a taste of heaven Taking an observation of St Benedict as his starting point Ola Tjørhom maintains that outward forms are fully capable of incorporating and expressing inner spiritual substance Tjørhom moves on to identify three crucial features of a materialist spirituality First it has a concrete substance primarily the sacraments and the sacramental dimension of our Christian life in its totality Second materialist spirituality cannot be lived out in a vacuum but requires concrete spaces mainly the church and the world which though separate are clearly interconnected Third this spirituality is grounded not in airy ideas and concepts but in plain empirical perception in things we can see and hear smell and taste making it a spirituality eminently suited for our daily lives and the world Ola Tjørhom has written a wise book that bridges many gaps between the material and the spiritual the Catholic and the Protestant the mystical and the everyday His vision of a materialist spirituality is not a call to leave this world nor an invitation to extreme experiences but a sober proposal for a Christian life that is in but not of the world Firmly rooted in creation such a spirituality still yearns for the transformation of all things Few books are as ecumenical as Tjørhom's drawing on a variety of Christian traditions in a way that respects each Persuasively presented his wide ranging reflections cover such a range of topics one is tempted to call it a systematics of spirituality Michael Root Lutheran Theological Southern Seminary *Transfiguration* Svein Aage Christoffersen, Martin Wangsgaard Jürgensen, Nils Holger Petersen, 2010-04 Transfiguration is a peer reviewed journal offering discussions of the relationship between art forms and Christianity in the European tradition from the early Church until today There is an increasing interest in the more or less precisely defined religious contexts of the art forms There is thus a demand for a theological journal that is not limited to the traditional matters within the discipline The term theology is here used in a broader sense that includes the modes of expression and thought which have come into existence in a historical energy field between religious practice and aesthetic display **Divine Action in Hebrews**

Zondervan, 2023-11-07 Recent years have seen renewed interest in divine action but much of the literature tends to focus on the science theology discussion Resulting from multi year work of the Scripture and Doctrine Seminar part of KLC's Scripture Collective this book attends to the portrayal of divine action in one major biblical text namely Hebrews In the New Testament Hebrews is on par with Romans in terms of importance but has too often been overlooked Contributors to this volume explore the many different ways in which divine action is foregrounded and portrayed in Hebrews As its name indicates Hebrews overflows with Old Testament intertextuality which also makes it a fertile ground for analysis of divine action stretching back into the Old Testament and opening out into different parts of the NT The essays in this volume rigorously work the interface of theology and exegesis all related to Hebrews offer an overview of the current state of discussion of divine action and the importance of exploring divine action in specific biblical texts with special reference to

William Abraham's recent 4 volume work with OUP provide an overview of the reception history of Hebrews in theologies of divine action explore how this has played out in historical theology and what a retrieval of Hebrews for a theology of divine action might mean today explore the relationship between the doctrine of God and divine action in Hebrews including an engagement with classical theism provocatively explore divine action in the OT creation and eschatology in Hebrews explore the major theme in Hebrews of divine action through the ongoing priesthood of Jesus as portrayed in Hebrews relate this all to preaching Hebrews today and to spiritual formation The book's conclusion reflects on the primary action of God speaking in Hebrews

The Spirit Says Ronald Herms, John R. Levison, Archie T. Wright, 2021-10-25 The Spirit Says offers a stunning collection of articles by an influential assemblage of scholars all of whom lend considerable insight to the relationship between inspiration and interpretation They address this otherwise intractable question with deft and occasionally daring readings of a variety of texts from the ancient world including but not limited to the scriptures of early Judaism and Christianity The thrust of this book can be summed up not so much in one question as in four o What is the role of revelation in the interpretation of Scripture o What might it look like for an author to be inspired o What motivates a claim to the inspired interpretation of Scripture o Who is inspired to interpret Scripture More often than not these questions are submerged in this volume under the tame rubrics of exegesis and hermeneutics but they rise in swells and surges too to the surface not just occasionally but often Combining an assortment of prominent voices this book does not merely offer signposts along the way It charts a pioneering path toward a model of interpretation that is at once intellectually robust and unmistakably inspired

Listening to Scripture Craig G. Bartholomew, 2023-08-22 Looking for a guide to interpreting the Bible that is accessible up to date and theologically grounded A renowned Old Testament scholar and coauthor of the bestselling *The Drama of Scripture* introduces us to reading the Bible with an ear toward hearing God's address When we read the Bible we need to take off our shoes as it were because we are on holy ground says Bartholomew We take up the Bible to read it only to find that through it God speaks to us This is the awesome potential of Bible reading and interpretation Bartholomew begins with a theological orientation including topics such as the relationship between prayer analysis and reading Scripture the Bible as the true story of the whole world and reading the text in light of its literary historical and kerygmatic proclamation dimensions He then explores the history of interpretation before discussing how we receive the Bible liturgically ethically and missionally Throughout the book exercises in *lectio divina* invite readers to engage both the head and the heart as they learn to interpret the Bible Professors and students of the Bible will value this work It will also appeal to church leaders and other serious students of the Bible

Eucharist Ola Tjørhom, 2023-07-14 The Eucharist is the sacrament of Christ's presence his real presence Here he comes to us in bread and wine through outward and material signs that are accessible to all This is an expression of infinite grace However when Jesus gives himself to us we are called to share ourselves and what we have with others Thus the Eucharist also becomes the sacrament of fellowship and unity It is a

sacrament in and for our wounded world a sacrament of life in the widest sense The reflections in this book are grounded in the Lutheran tradition combined with an open ecumenical approach They aim at unfolding some of the wealth of the Lord's Supper in a concise and accessible way **American Catholic Philosophical Quarterly** ,2009 *Psychoanalysis and History* ,2005 **English Mechanic and Mirror of Science** ,1897 **Perspectives on Science and Christian Faith** ,1992 **The Academy** ,1892 *The Index ... Benjamin Franklin Underwood*,1881 **Religion Index One** ,2003 The Truth Seeker ,1918 English Mechanic and World of Science ,1897 Liberation Theology Ronald H. Nash,1988 *Light* ,1885 **Social Science Probings** ,1988 *Circles of Dignity* James R. Cochrane,1999 Deeply challenging to the religious and social status quo this work searches for a new understanding of religion's role in our time of massive social economic and geopolitical change Guided by his remarkable experience with South African indigenous groups and popular religion the author shows how marginalized people read the Bible and how their local wisdom or incipient theologies offers new perspectives on power tradition and God as well as new notions of ministry Church and religion's role in the public sphere Leveraging the insights at the margin to displace the centre this work is a blueprint for a socially transformative theology **Literary News** ,1883
