Eliminationists How Hate Talk Radicalized The American Right:

Eliminationists David Neiwert, 2016-01-20 The Eliminationists describes the malignant influence of right wing hate talk on the American conservative movement Tracing much of this vitriol to the dank corners of the para fascist right award winning reporter David Neiwert documents persistent ideas and rhetoric that champion the elimination of opposition groups As a result of this hateful discourse Neiwert argues the broader conservative movement has metastasized into something not truly conservative but decidedly right wing and potentially dangerous By tapping into the eliminationism latent in the American psyche the mainstream conservative movement has emboldened groups that have inhabited the fringes of the far right for decades With the Obama victory their voices may once again raise the specter of deadly domestic terrorism that characterized the far Right in the 1990s How well Americans face this challenge will depend on how strongly we repudiate the politics of hate and repair the damage it has wrought

Us against Them Randy Bobbitt, 2010-05-25 Us against Them The Political Culture of Talk Radio examines the phenomenon of talk radio and the role that it plays in the American political process as well as popular culture Among the central questions addressed is a basic one regarding why people choose to listen to political talk instead of music Do they listen to get objective information on both sides of political issues to help them make their own voting decisions or do they seek out the hosts and content that simply validates their own beliefs After a consideration of the history of talk radio as well as where the industry stands today in terms of audience demographics and advertiser support Randy Bobbitt takes a theoretical look at how talk radio may or may have not impacted political issues and campaigns from the 1950s through the 2006 mid term election as well as the real impact of talk radio on the 2008 presidential campaign Finally Bobbitt considers the future of political talk radio in light of the newest threat to the First Amendment the possible return of the Fairness Doctrine a twentieth century law that once required broadcasters to provide politically balanced programming

The Cult of Trump Steven Hassan, 2020-09-01 As featured in the streaming documentary UNTRUTH now with a new foreword by George Conway and an afterword by the author A masterful and eye opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by an authority on breaking away from cults an argument that bears consideration as the next election cycle heats up Kirkus Reviews Since the 2016 election Donald Trump's behavior has become both more disturbing and yet increasingly familiar He relies on phrases like fake news build the wall and continues to spread the divisive mentality of us vs them He lies constantly has no conscience never admits when he is wrong and projects all of his shortcomings on to others He has become more authoritarian more outrageous and yet many of his followers remain blindly devoted Scott Adams the creator of Dilbert and a major Trump supporter calls him one of the most persuasive people living His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders cult leaders In The Cult of Trump mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim

Jones David Koresh Ron Hubbard and Sun Myung Moon arguing that this presidency is in many ways like a destructive cult He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient Hassan was a former Moonie himself and he presents a thoughtful and well researched analysis of some of the most puzzling aspects of the current presidency including the remarkable passivity of fellow Republicans and the gross pandering of many members of the press Thomas G Gutheil MD and professor of psychiatry Harvard Medical School The Cult of Trump is an accessible and in depth analysis of the president showing that under the right circumstances even sane rational well adjusted people can be persuaded to believe the most outrageous ideas This book is a must for anyone who wants to understand the current political climate Judith Stevens Long PhD and author of Living Well Dying Well **Steep** Lawrence Rosenthal,Christine Trost,2012-08-14 Includes bibliographical references and index

This Happened Here Paul Street,2021-12-28 This book examines the Trump phenomenon and presidency as fascist Fascism here connotes not generically bad politics or a consolidated political economic regime Mussolini s Italy or Hitler s Germany but a set of political movement and ideological traits understood within the context of the neoliberal capitalist era While Trump s election defeat is a respite the nation is far from out of the neofascist woods Defeating the menace will require political and societal restructuring far beyond what is imagined by Democrats This argument is developed across seven chapters that recount Trump s assault on the 2020 election specifically define the meaning of fascism as it is used in this book demonstrate the neofascist nature of the Trump presidency engage intellectual class Trumpism fascism denial analyze the Trump base root Trumpism in a longstanding and indeed founding American white nationalism examine why Trump rose to power when he did and suggest paths for fascism proofing the USA The Publishers Weekly ,2009

Library Journal ,2009 The Writers Directory ,2013 **Alt-America** David Neiwert,2017-10-17 This important piece of investigative reportage studies the roots of right wing extremism in American culture and history to understand its modern day resurgence in the Trump era Just as Donald Trump s victorious campaign for the U S presidency shocked the world the seemingly sudden national prominence of white supremacists xenophobes militia leaders and mysterious alt right figures mystifies many But the American extreme right has been growing steadily in number and influence since the 1990s with the rise of patriot militias Following 9 11 conspiracy theorists found fresh life and in virulent reaction to the first black U S president militant racists have come out of the woodwork Nurtured by a powerful right wing media sector in radio TV and online the far right Tea Party movement conservatives and Republican activists found common ground Figures such as Stephen Bannon Milo Yiannopoulos and Alex Jones once rightly dismissed as cranks now haunt the reports of mainstream journalism Investigative reporter David Neiwert has been tracking extremists for more than two decades In Alt America he provides a deeply researched and authoritative report on the growth of fascism and far right terrorism the violence of which in the last decade has surpassed anything inspired by Islamist or other ideologies in the United States The product of years of

reportage and including the most in depth investigation of Trump s ties to the far right this is a crucial book about one of the most disturbing aspects of American society *Alt-America* David A. Neiwert,2017 Just as Donald Trump s victorious campaign for the US presidency shocked the world the seemingly sudden national prominence of white supremacists xenophobes militia leaders and mysterious alt right figures mystifies many But the American extreme right has been growing steadily in number and influence since the 1990s with the rise of patriot militias Following 9 11 conspiracy theorists found fresh life and in virulent reaction to the first black US president militant racists have come out of the woodwork Nurtured by a powerful right wing media sector in radio TV and online the far right Tea Party movement conservatives and Republican activists found common ground Figures such as Stephen Bannon Milo Yiannopoulos and Alex Jones once rightly dismissed as cranks now haunt the reports of mainstream journalism Investigative reporter David Neiwert has been tracking extremists for more than two decades **Red Pill Blue Pill** David Neiwert,2020-06-09 A revealing trip down the rabbit hole of conspiracy theories their appeal who believes them how they spread with an eye to helping people deal with the alt right conspiracists in their own lives Conspiracy theories are killing us Once confined to the fringes of society this worldview now has adherents numbering in the millions extending right into the White House This disturbing look at this alt right threat to our democratic institutions offers guidance for counteracting the personal toll this destructive mindset can have on relationships and families Author David Neiwert an investigative journalist who has studied the radical right for decades examines the growing appeal of conspiracy theories and the kind of personalities that are attracted to such paranoid sociopathic messages He explains how alt right leaders are able to get such firm holds on the imaginations of their followers and chronicles the destruction caused by the movement s most virulent believers Colloquially this recruitment to alt right ideologies is called getting red pillled a metaphor for when believers of conspiracy theories become convinced that their alternate universe is real Uniquely and optimistically Neiwert provides a blue pill toolkit for those who are dealing with conspiracy theorists in their own lives including strategies drawn from people who counsel former far right extremists who have renounced their former beliefs **And Hell Followed With Her** David Neiwert,2013-03-26 Discusses a criminal racist and violent underworld of right wing extremism connected to the Minuteman movement and general American nativism
