## **Elisabeth Vig E Brun Genevi Ve Haroche Bouzinac:**

**Mrs Kauffman and Madame Le Brun** Franny Moyle, 2025-10-09 In the late autumn of 1789 two of Europe's most celebrated painters met in Rome. One Angelica Kauffman was a Swiss-born prodigy who had conquered the art scenes of London and Italy. The other Elisabeth Louise Vigée Le Brun, a Parisienne portraitist and favourite of the ancien régime, had just fled revolutionary France under threat of violence and scandal. Both were feted in their time; both were trailblazers in a male-dominated world; visionaries who helped define eighteenth-century art and feminism before the term existed. This dual biography, framed within a thrilling story, restores these two extraordinary but unjustly overlooked figures to their rightful place in history. Set against a backdrop of revolution, empire, and Enlightenment, it traces the dramatic lives and remarkable careers of Vigée Le Brun and Kauffman, artists who not only achieved unparalleled success and influence but did so while pushing the boundaries of what women could be, both on canvas and in society. With vivid storytelling, one of the most gifted living writers of artistic biography, Franny Moyle reclaims their legacies. She examines how each artist navigated fame, scandal, and exile; explores the relationships between them and their peers; and considers how they were caught up in the huge cultural cross-currents that were reshaping Europe. Through their work and their lives, they spoke boldly to the roles of women in public life, highlighted the prejudices and abuses suffered by their sex, reimagined and celebrated the female subject, and challenged the institutions that sought to contain them. Through them, we encounter icons such as Marie Antoinette, whose portrait by Le Brun scandalised French society, and Catherine the Great, as well as cultural figures such as Emma Hamilton and Madame de Staël. The most notable men of their time—monarchs, statesmen, aristocrats, artists, and more—are also woven into the fabric of the tale. **MRS KAUFFMAN MADAME LE BRUN** is a timely revelatory history that not only brings two forgotten artists into view but rethinks the story of European art itself. **Vigée Le Brun** Joseph Baillio, Katharine Baetjer, Paul Lang, 2016-02-15 Elisabeth Louise Vigée Le Brun, 1755–1842, was one of the finest eighteenth-century French painters and among the most important women artists of all time. Celebrated for her expressive portraits of French royalty and aristocracy, and especially of her patron Marie Antoinette, Vigée Le Brun exemplified success and resourcefulness in an age when women were rarely allowed either. Because of her close association with the queen, Vigée Le Brun was forced to flee France during the French Revolution. For twelve years, she traveled throughout Europe, painting noble sitters in the courts of Naples, Russia, Austria, and Prussia. She returned to France in 1802, under the reign of Emperor Napoleon I, where her creativity continued unabated. This handsome volume details Vigée Le Brun's story, portraying a talented artist who nimbly negotiated a shifting political and geographic landscape. Essays by international scholars address the ease with which this self-taught artist worked with monarchs, the nobility, court officials, and luminaries of arts and letters, many of whom attended her famous salons. The position of women artists in Europe and at the Salons of the period is also explored, as are the challenges faced by Vigée Le Brun during her exile. The ninety paintings and pastels included in this

volume attest to Vigée Le Brun's superb sense of color and expression. They include exquisite depictions of counts and countesses, princes and princesses alongside mothers and children including the artist herself and her beloved daughter Julie. A chronology of the life of Vigée Le Brun and a map of her travels accompany the text elucidating the peregrinations of this remarkable independent painter.

**The Last Libertines** Benedetta Craveri, 2020-10-20 An enthralling work of history about the Libertine generation that came up during and was eventually destroyed by the French Revolution. The Last Libertines, as Benedetta Craveri writes in her preface to the book, is the story of a group of seven aristocrats whose youth coincided with the French monarchy's final moment of grace, a moment when it seemed to the nation's elite that a style of life based on privilege and the spirit of caste might acknowledge the widespread demand for change and in doing so reconcile itself with Enlightenment ideals of justice, tolerance, and citizenship. Here we meet seven emblematic characters whom Craveri has singled out not only for the romantic character of their exploits and amours but also by the keenness with which they experienced this crisis in the civilization of the ancien régime of which they themselves were the emblem. Displaying the aristocratic virtues of dignity, courage, refinement of manners, culture, and wit, the Duc de Lauzun, the Vicomte de Ségur, the Duc de Brissac, the Comte de Narbonne, the Chevalier de Boufflers, the Comte de Ségur, and the Comte de Vaudreuil were at the same time irreducible individualists and true sons of the Enlightenment, all of them ambitious to play their part in bringing about the great changes that were in the air. When the French Revolution came, however, they found themselves condemned to poverty, exile, and in some cases execution. Telling the parallel lives of these seven dazzling but little remembered historical figures, Craveri brings the past to life, powerfully dramatizing a turbulent time that was at once the last act of a now vanished world and the first act of our own.

**Matters of Telling: The Impulse of the Story** Carlo Comanducci, Alex Wilkinson, 2018-11-26 In this book, multiple authors and perspectives converge on the materiality of storytelling in order to court its potentialities and flesh out its tensions. Reflecting through its methodological multiplicity not only the vast array of discourses and disciplines that concern themselves with the study of narration but also the various and variable subjects of the act of telling, the collective effort of this volume is less to map or track than to amplify the possibilities of contingent situations embodied in relations and specific texts in which, beyond the tale, the telling itself speaks and matters.

**Louise-Elisabeth Vigée Le Brun** Judith Lissauer Cromwell, 2025-05-16 This biography follows the remarkable life of Louise Elisabeth Vigée Le Brun, whose portraits of European royalty and nobility hang in many of the world's most important galleries. As a young woman in the male-dominated society of late 18th-century France, she was denied an artistic education and forced to nurture her passion outside the restrictions of conventional schooling. Vigée Le Brun's vibrant art, in addition to her charm and beauty, caught the attention of Queen Marie Antoinette, who honored her as her chosen painter. At the pinnacle of her fame and fortune, however, the Revolution forced Vigée Le Brun to flee Old Regime France, leaving everything behind except her only child. Drawn from her memoirs, archival research, and reexamination of the judgment of her contemporaries,

this book portrays a single working mother who survived because of her cachet charisma and artistic talent Cast on a storm tossed continent solely reliant on her palette Vigée Le Brun produced some of her major works during her twelve year exile returning to France to continue her work after Napoleon had restored stability Her story is one of triumph adversity perseverance and ultimately peace     The Pen and the Brush Anka Muhlstein,2017-01-31 A scintillating glimpse into the lives of acclaimed writers and artists and their inspiring often surprising convergences from the author of Monsieur Proust's Library With the wit and penetration well known to readers of Anka Muhlstein's previous books The Pen and the Brush revisits the delights of the French novel This time she focuses on late 19th and 20th century writers Balzac Zola Proust Huysmans and Maupassant through the lens of their passionate involvement with the fine arts She delves into the crucial role that painters play as characters in their novels which she pairs with an exploration of the profound influence that painting exercised on the novelists techniques offering an intimate view of the intertwined worlds of painters and writers at the time Muhlstein's deftly chosen vignettes bring to life a portrait of the nineteenth century's tight knit artistic community where C zanne and Zola befriended each other as boys and Balzac yearned for the approval of Delacroix She leads the reader on a journey of spontaneous discovery as she explores how a great painting can open a mind and spark creative fire     *French Paintings of the Fifteenth Through the Eighteenth Century* National Gallery of Art (U.S.),Philip Conisbee,2009 This illustrated book written by leading scholars and the result of years of research and technical analysis catalogues nearly one hundred paintings from works by Francois Clouet in the sixteenth century to paintings by Elisabeth Louise Vigée Le Brun in the eighteenth All these works are explored in detailed readable entries that will appeal as much to the general art lover as to the specialist Book Jacket     **Elisabeth Vigée-Lebrun** Geneviève Haroche-Bouzinac,2015 An exceptionnal women Elisabeth Vigée Lebrun was already a renowned portraitist for the nobility at the age of twenty From 1777 she became the official painter of the queen Marie Antoinette In 1789 she chose exile and traveled to Italy Austria and Russia Invited in major courts of Europe she acquired an international reputation Back in France in 1800 then staying in England and Switzerland Elisabeth Vigée Lebrun did not cease to paint until her death in 1845 Her work counts approximately 900 paintings including more than 660 portraits This book presents 40 selected masterpieces from the 130 paintings exhibited at the Grand Palais Paris from September 2015 then at the Metropolitan Museum of Art New York and The National Gallery of Canada Ottawa     *The Eighteenth Century French Paintings* National Gallery (Great Britain),Humphrey Wine,2018 The impressive collection of 18th century French paintings at the National Gallery London includes important works by Boucher Chardin David Fragonard Watteau and many others This volume presents over seventy detailed and extensively illustrated entries that expand our understanding of these paintings Comprehensive research uncovers new information on provenance and on the lives of identified portrait sitters Humphrey Wine explains the social and political contexts of many of the paintings and an introductory essay looks at the attitude of 18th century Britons to the French as well as the market for 18th century French
