Ivannia Soto, 2014-06-20 Mastering spoken language is the key to writing success for English language learners. English language learners struggle to meet the increased classroom writing demands of the Common Core State Standards and many schools seem at a loss for solutions. In these pages ELL expert Ivannia Soto builds on the groundbreaking research she presented in her previous book *ELL Shadowing as a Catalyst for Change* to show how oral language development scaffolds writing skills. To implement this knowledge Soto offers educators a powerful set of tools. Exciting spoken techniques such as Socratic Seminar, Frayer model, and Think Pair Share that build vocabulary and extend into academic writing. Approaches to teaching three essential styles of writing: argumentative, procedural, and narrative. Sample lesson plans and graphic organizer templates. ELLs must develop oral language skills before meeting the Common Core's writing requirements. This book provides the tools to make this happen. This timely book collects oral language strategies designed to scaffold academic writing for English language learners at intermediate and advanced levels of English proficiency. Concrete examples support the goal of teaching college and career ready standards across content areas.
