forgotten But Miroslav Volf here proposes the radical idea that letting go of such memories after a certain point and under certain conditions may be a gift of grace we should embrace Volf's personal stories of persecution and interrogation frame his search for theological resources to make memories a wellspring of healing rather than a source of deepening pain and animosity Controversial thoughtful and incisively reasoned *The End of Memory* begins a conversation that we avoid to our great detriment This second edition includes an appendix on the memories of perpetrators as well as victims a response to critics and a James K A Smith interview with Volf about the nature and function of memory in the Christian life

Modernism, Ireland and the Erotics of Memory Nicholas Andrew Miller, 2002-09-19 In *Modernism Ireland and the Erotics of Memory* Nicholas Miller re-examines memory and its role in modern Irish culture Arguing that a continuous renegotiation of memory is characteristic of Irish modernist writing Miller investigates a series of case studies in modern Irish historical imagination He reassesses Ireland's self construction through external or foreign discourses such as the cinema and proposes readings of Yeats and Joyce as counter memorialists Combining theoretical and historical approaches Miller shows how the modernist handling of history transforms both memory and the story of the past by highlighting readers' investments in histories that are produced specifically and concretely through local acts of reading This original study will attract scholars of Modernism Irish studies film and literary theory
