Fifty Years Of Mustangs A History Of Scale Model Mustangs:

Fifty Years of Mustangs Bill Coulter, 2015-03-09 MUSTANGS Over the centuries mustangs have come in a number of different configurations Some have had hooves Some have had wings But horses and airplanes aside the Mustangs that really hit like high energy lightening bolts were the ones produced and first released to a car hungry nation by the Ford Motor Company in April 1964 Television commercials news magazine covers and high energy radio ads created near total fever pitch anticipation Those unique and special first Generation One Mustangs were something almost transcendent exhilarating and energizing for the U S car buying public Never before had Americans been given access to their own personal sporty and classy time machine and certainly nothing like the new Mustang since the specialty rides of the 1930 s and 40 s Fifty years of Mustangs takes an in depth look at the first five decades of this automotive icon with a literal global following If you re a Mustang fan you ll find historic information on many of the full size versions from the first half century of production But the truly unique aspect of this tome is that visually Fifty Years of Mustangs scale replicas provide a veritable cornucopia running the full gamut of scales eras shapes colors and materials As we ll see in this book plastic model car kits have been quite prominent and prevalent for those 50 years Whether it was AMT MPC IMC Revell Monogram Pyro Lindberg Testors Palmer Ertl Tamiya Model King Gunze Sangyo Nitto Kagaku USAirfix Renwal or you name it and we can pretty much guarantee its existence at one time or another Then for good measure some resin kits and quality die cast examples have been included from such sources as Starter Precision Miniatures GMP Danbury Mint and Automodello etc for example Considering the amazing quantity of Mustang scale model plastic kits the numbers become truly overwhelming when we fold in all the other Mustang scale replicas diecast resin kits etc and the countless pieces of Mustang collectible memorabilia The job of documenting the whole affair is quite challenging Coming closest to that kind of effort might be Mustang Collectibles which I authored for Motor Books International back in 2002 But then just imagine all the brand new stuff that s been produced in the years since then Primarily and much like the self published decade series Harry Pristovnik and I have been generating recently The Nifty 50 s The Sizzlin 60 s this new 50th anniversary of the Ford Mustang book will cover the highlights from concept vehicles to the latest offerings just prior to going to press Though it would be nearly impossible to provide photos and text about every item that s ever been available we have made our best efforts here to see that you experience as much of the Mustang aura as is possible limited of course by just ink on paper Whether you are a model car builder model kit collector or mostly an accumulator of Mustang stuff we hope you ll find what floats your boat right here in these freshly printed pages
