Algorithms of Resistance Tiziano Bonini, Emiliano Trer, 2024-02-06 How global workers influencers and activists develop tactics of algorithmic resistance by appropriating and repurposing the same algorithms that control our lives Algorithms are all around us permeating more and more aspects of our daily lives While accounts of platform power tend to come across as bleak and monolithic Algorithms of Resistance shows how people can resist algorithms across a variety of domains Drawing from rich ethnographic materials and perspectives from both the Global North and South authors Tiziano Bonini and Emiliano Trer explore how people appropriate and reconfigure algorithms to pursue their objectives in three domains of everyday life gig work cultural industries and politics They reveal how forms of algorithmic agency and resistance are endemic and mundane and how the platform society is a contested battleground of contrasting forces Bonini and Trer begin by outlining their key theoretical framework of moral economies This framework argues that algorithms exist on a continuum At its two extremes are two competing moral economies the user moral economy and the platform moral economy From here Algorithms of Resistance chronicles the various inventive ways that individuals can work to achieve agency and resist the ubiquitous power of algorithms Casting a wide net with a diverse range of case studies Bonini and Trer reveal the moral imperative for all of us from delivery drivers to artists to social movements to resist algorithms **Billboard**

, 2010-07-03 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends Music in Esports Eulalia Febrer-Coll, 2025-07-21 This book invites the reader to expand their idea of esports as an independent niche and consider it an integral part of a growing multi and transmedia ecosystem that includes the global entertainment industry where music plays an essential role The music present in and around esports games is an integral part of how they are communicated and mediated and as such holds a central role in binding their narratives cohesively and coherently to appeal to their audiences Popular music theory is placed at the foundation of the issues raised in the chapters as it is taken as a cornerstone for linking the esports international scene with the music industry This text uses specific case studies from popular esports to support and illustrate each chapter including League of Legends Counter Strike and Fortnite This book will be of great interest to researchers and students in the fields of esports game design and development musicology and media studies Copyright's Excess Glynn Lunney, 2018-04-12 For more than two hundred years copyright in the United States has rested on a simple

premise more copyright will lead to more money for copyright owners and more money will lead to more original works of authorship In this important illuminating book Glynn Lunney tests that premise by tracking the rise and fall of the sound recording copyright from 1961 2015 along with the associated rise and fall in sales of recorded music Far from supporting copyright s fundamental premise the empirical evidence finds the exact opposite relationship more revenue led to fewer and lower quality hit songs Lunney s breakthrough research shows that what copyright does is vastly increase the earnings of our most popular artists and songs which net result means fewer hit songs This book should be read by anyone interested in how copyright operates in the real world **Billboard** ,2009-10-17 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Chappell Roan: The Ultimate Unofficial Midwest Princess Fan Book* Natty Kasambala,2025-05-22 THE ULTIMATE CELEBRATION OF THE MIDWEST PRINCESS **Media and Crime.
