Adaptation in the Age of Media Convergence Johannes Fehrle, Werner Schäfke-Zell, 2025-10-01 This collection considers new phenomena emerging in a convergence environment from the perspective of adaptation studies The contributions take the most prominent methods within the field to offer reconsiderations of theoretical concepts and practices in participatory culture transmedia franchises and new media adaptations The authors discuss phenomena ranging from mash ups of novels and YouTube cover songs to negotiations of authorial control and interpretative authority between media producers and fan communities to perspectives on the fictional and legal framework of brands and franchises In this fashion the collection expands the horizons of both adaptation and transmedia studies and provides reassessments of frequently discussed BBC's Sherlock or the LEGO franchise and previously largely ignored phenomena self censorship in transnational franchises mash up novels or YouTube cover videos

Beyond Fandom Natalie Le Clue, 2025-08-26 By centralising fan studies this collection provides a crucial lens through which to understand the capability of fan practices to shape the trajectory of online communication It provides a nuanced understanding of the interplay between social media and contemporary society

The Case for Fanfiction Ashley J. Barner, 2017-08-07 Challenging readers to rethink what they read and why the author questions the aesthetic assumptions that have led to the devaluing of fanfiction a genre criticized as both tasteless and derivative and other guilty pleasure reading and writing including romance and fantasy The complicated relationship between fanfic and intellectual property rights is discussed in light of the millennia old tradition of derivative literature before modern copyright law established originality as the hallmark of great fiction Absorbed reading the practice of immersing oneself in the narrative versus critically reading from a distance is a strong motive for the appropriation by fanfiction of canon characters and worlds

Students. How can Islamic Education handle this Topic? Heena Amir,2019-11-18 Master s Thesis from the year 2019 in the subject Theology Islamic theology grade 65 Newman University course Islamic Education language English abstract The purpose of this study was to explore the prevalence of pornography its effect on Muslim students and how this can be dealt with accordingly The mix methods research interview case study and survey numerical data shows that both male and female view pornography regardless being aware of the prohibitions resulting Muslims to likely engage in maladaptive behaviours such as pornography that slowly affects their spirituality religiosity and wellbeing The study therefore suggests alternative awareness curricula and an up to date Islamic therapy to support Muslims to overcome the struggles of the contemporary era that welcomes explicit sexual and pornographic practice that is often too tempting to resist So dealing with pornography in accordance with today s context perhaps will diminish the statistical rate of Muslim pornographic consumers There is great importance in dealing with emerging problems such as pornography determining its negative impact and its consequences on Muslims in their daily life Based on this the research investigates whether the classical texts of Islamic scholarship adequately respond to the emerging questions of the modern society with regards to pornography and whether the institute of Islamic education can more precisely tackle its impact on Muslims In this regard the research tries to answer the following direct questions What are the efforts of Sunni Shari ah scholars and teachers to make awareness of the negative implications

of pornography as articulated in classical and modern Islamic scholarships What are the implications for Muslims by watching pornography The classical scholarship Qur an and Hadith offers an opportunity to speak about sex related topics Whereas in the contemporary era modern Islamic scholarships fatwas mostly contain copied information from classical texts based on limited solutions Shari ah scholars and Muslim teachers use fatwas to tackle porn addiction whilst not being productive in spreading awareness of pornography that could fit within the Islamic educational studies Failure in providing solid Islamic pornographic rehabilitations and disavowing to speak openly on pornography does not stop the prevalence within Muslim communities
