Robots That Kill Judith A. Markowitz, 2019-04-11 This book describes real world killer robots using a blend of perspectives Overviews of technologies such as autonomy and artificial intelligence demonstrate how science enables these robots to be effective killers Incisive analyses of social controversies swirling around the design and use of killer robots reveal that science alone will not govern their future Among those disputes is whether fully autonomous robotic weapons should be banned Examinations of killers from the golem to Frankenstein s monster reveal that artificially created beings like them are precursors of real 21st century killer robots This book laces the death and destruction caused by all these killers with science and humor The seamless combination of these elements produces a deeper and richer understanding of the robots around us
