*SEO 2016 and Beyond* Andy Williams, 2015-09-04 Google is on the SEO warpath Anyone that is seen to be breaking the rules or trying to manipulate their own rankings through aggressive SEO techniques will find their website dropping out of the top 10 top 100 or even out of the search results altogether Search engine optimization will never be the same again Not only has Google released a whole menagerie of animals Panda Penguin Pigeon etc on unsuspecting webmasters it also employs humans to rate content That means you cannot fly under the radar any more Gone are the days when it was easy to game the system and rank in the top 10 by using a few SEO loopholes Today SEO can be a very dangerous game if you follow the wrong advice and let me tell you something Most SEO advice you read for free on the internet is just plain wrong In fact not just wrong It s Dangerous Most search engine optimization advice is out of date or written by someone that has never really tested their own theories

*SEO 2016 Beyond* is a book that will teach you the safe white hat strategies I personally use as an SEO to get my web pages and those of my clients to rank high in Google These are battle tested white hat techniques that I ve developed over the last decade On site optimization techniques that I was teaching my newsletter readers back in 2008 is only now becoming mainstream in SEO I play by Google s rules meaning I never have to wake up after a major update and wonder if my sites have been hit I am always looking forward and asking myself what Google wants and how I can deliver With so many algorithm changes taking place at Google you might be wondering how it is possible to stay up to date with all the changes The good news is that it is easy once you acquire the right mind set Understand what Google is trying to do and give it to them That is what this book teaches You will not find any strategies to beat the system You will not find any loopholes to beat Google You WILL find solid strategies solutions advice to give Google what it wants while pleasing your on site visitors Happy visitor means happy Google You also won t be learning any black hat backlinking techniques These would only serve to get your site penalized I only want to teach you a future

proofed strategy You'll learn the truth about anchor text links and why everything changed when Penguin was released You'll also learn what makes a backlink valuable in Google's eye and what makes a backlink spammy I'll tell you about the Holy Grail of backlinks and how to find them They take more work but one of these links is priceless when it comes to ranking You'll also learn why it is important to focus on building your site authority I'll go through some of the older backlinking techniques These have been heavily abused by spammers in the past so most no longer work very well However I will show you how you can still get some ranking power out of some of these techniques if done properly This book is now in its 5th major edition SEO 2016 In it you also get the comprehensive SEO Checklist The SEO Checklist is actually a stand alone book to help you troubleshoot a website Use it to find and fix SEO problems on your site and reverse Google penalties SEO 2016 Beyond was written by search engine veteran Andy Williams of ezSEONews.com He has been teaching this stuff since 2003 in his free weekly newsletter If you want to really understand what the search engines want get higher rankings more traffic AND have Google's blessing then you should read this SEO book

**SEO 2016 Learn Search Engine Optimization A Comprehensive Must Have Guide to SEO in Today's Competitive Search Environment** Do you have what it takes to rank your site at the top of Google's search results Have you been frustrated by the level of difficulty posed in competing with other well established websites for the those coveted first page listings Well did you know that there are over 200 ranking factors involved in Google's current search algorithm Yes over 200 It's certainly no walk in the park And depending on where you've been for your information when it comes to SEO it might be outdated or just flat out wrong Why is that Search has been evolving at an uncanny rate in recent years And if you're not in the know then you could end up spinning your wheels and wasting valuable and precious time and resources on techniques that no longer work The main reason for the recent changes to increase relevancy Google's sole mission is to provide the most relevant search results at the top of its searches in the quickest manner possible But in recent years due to some mischievous behavior at the hand of a small group of people relevancy began to wane

**SEO 2016 Understanding Google's Algorithm Adjustments** The field of SEO has been changing all led by Google's onslaught of algorithm adjustments that have decimated and razed some sites while uplifting and building others Since 2011 Google has made it its mission to hunt out and demote spammy sites that sacrifice user experience focus on thin content or simply spend their time trying to trick and deceive their way to the top of its search results At the same time Google has increased its reliance on four major components of trust that work at the heart of its search algorithm Trust in Age Trust in Authority Trust in Content Relevancy In this book you'll learn just how each of these affects Google's search results and just how you can best optimize your site and content to ensure that you're playing by Google's many rules And although there have been many algorithm adjustments over the years four major ones have shaped and forever changed the search engine landscape Google Panda Google Penguin Google Hummingbird Google Mobilegeddon We'll discuss the nature of these changes and just how each of these algorithm adjustments have shaped the current landscape in search engine optimization So what does it take to rank your site today In order to compete at any level in SEO you have to earn trust Google's trust that is But what does that take How can we build trust quickly without jumping through all the hoops SEO is by no means a small feat It takes hard work applied consistently overtime There are no overnight success stories when it comes to SEO But there are certainly ways to navigate the stormy
