First World War Trials Executions:

Alleged Executions Without Trial in France United States. Congress. Senate. Special Committee on Alleged Executions Without Trial in France, 1923 Alleged Executions Without Trial in France United States. Congress. Senate. Special Committee on Charges of Alleged, 1923 The International Library of Essays on Capital Punishment, Volume 3 Peter Hodgkinson, 2016-12-05 This volume provides analyses of a range of subjects and issues in the death penalty debate from medicine to the media The essays address in particular the personal complexities of those involved a fundamental part of the subject usually overridden by the theoretical and legal aspects of the debate The unique personal vantage offered by this volume makes it essential reading for anyone interested in going beyond the removed theoretical understanding of the death penalty to better comprehending its fundamental humanity Additionally the international range of the analysis enabling disaggregation of country specific motivations ensures the complexities of the death penalty are also considered from a global perspective **Hiding the Guillotine** Emmanuel Taïeb, 2020-11-15 Hiding the Guillotine examines the question of state involvement in violence by tracing the evolution of public executions in France Why did the state move executions from the bloody and public stage of the guillotine to behind prison doors In a fascinating exploration of a grim subject Emmanuel Taïeb exposes the rituals and theatrical form of the death penalty and tells us who watched who participated in and who criticized and ultimately brought an end to a spectacle that the state called punishment France's abolition of the death penalty in 1981 has long overshadowed its suppression of public executions over forty years earlier Since the Revolution executions attracted tens of thousands of curious onlookers But gradually there was a shift in attitude and the public no longer saw this as a civilized pastime Why Combining material from legal archives police files an executioner's notebooks newspaper clippings and documents relating to 566 executions Hiding the Guillotine answers this question Taïeb demonstrates the ways in which the media was at the vanguard of putting an end to the publicity surrounding the death penalty The press had ample reason to be critical cities were increasingly being used for leisure activity and prisons for those accused of criminal activity The agitation surrounding each execution coupled with a growing identification with the condemned would blur these boundaries Ranked among the top hundred history books by the website Caf du Web Historizo Hiding the Guillotine has much to impart to students of legal history human rights and criminology as well as to American historians **The Execution of Bhagat Singh** Satvinder Singh Juss, 2021-03-09 Bhagat Singh one of the most influential revolutionaries of the Indian Independence movement was only twenty three when he was executed in 1931 In their attempt to punish him British authorities used controversial legislative powers to make an ordinance supposedly aimed at preserving peace order and good government but one that was never approved by the Central Assembly in India nor the British Parliament A three judge special tribunal was mandated to complete a hearing within a fixed period that did not even allow the 457 prosecution witnesses to be cross examined Dr Satvinder Singh Juss a London based law professor and practising

barrister looks at these and other flaws in the legal process that was followed leading to the hanging Full of engrossing detail from previously unpublished original archival material including documents translated here for the first time The Execution of Bhagat Singh considers the case for setting aside the sentence of execution in retrospect and for an official pardon for the revolutionary today
