Five Years a Dragoon ('49 to '54;) Lowe Percival G.,1901 Five Years a Dragoon ('49 to '54) and Other Adventures on the Great Plains Percival Green Lowe,1906 **Five Years a Dragoon ('49 to '54) and Other Adventures on the Great Plains** Percival Green Lowe,1906 *Five Years a Dragoon ('49 to '54;)* Percival G. Lowe,2017-10-17 Excerpt from Five Years a Dragoon 49 to 54 And Other Adventures on the Great Plains At the close of a busy life interspersed with exciting adventures I find myself living in the past enjoying the recollections of old comrades and business associates the scenes in which we mingled in early manhood the bivouac under the blue sky the faithful vigil of the weary sentinel for the safety of all The living who know of the truthfulness of statements herein made are few but the records live Always blessed with a good memory it seemed to be renewed to come to my assistance as step by step I travel the old roads and recount the incidents of long ago About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Five Years a Dragoon and Other Adventures on the Great Plains* Percival Green Lowe,2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **Five Years a Dragoon (49 to 54)** Percival G. Lowe,2007-03 PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns

will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is depend ent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing **5 YEARS**

Deadly Dozen Robert K. DeArment,2012-11-09 For every Wild Bill Hickok or Billy the Kid there was another western gunfighter just as deadly but not as well known Robert K DeArment has earned a reputation as the premier researcher of unknown gunfighters and here he offers twelve more portraits of men who weren t glorified in legend but were just as notorious in their day Those who think they already know all about Old West gunfighters will be amazed at this new collection Here are men like Porter Stockton the Texas terror who bragged that he had killed eighteen men and Jim Levy who killed a man for disparaging his Irish blood though he was also the only known Jewish gunfighter These stories span eight decades from the gold rushes of the 1850s to the 1920s Telling of gunmen such as Jim Masterson the brother of Bat Masterson or the real Whispering Smith the man behind the fictionalized persona whose career spanned four decades DeArment conscientiously separates fact from fiction to reconstruct lives all the more amazing for having remained unknown for so long The product of iron clad research this newest Deadly Dozen delivers the goods for gunfighter buffs in search of something different Together the Deadly Dozen volumes constitute a Who s Who of western outlaws and prove that there s more to the Wild West than Jesse James

Shavetails and Bell Sharps Emmett M. Essin, 2000-03-12 The last U S Army mules were formally mustered out of the service in December 1956 ending 125 years of military reliance on the virtues of this singular animal Much less glamorous than the cavalryman s horse the Army pack mule was a good deal more important from the Mexican War through World War II mules were an indispensable adjunct to army movement The author has exhaustively researched the ubiquitous yet nearly invisible army mule Through his work we learn a great deal about military procurement transport and supply the bedrock on which military mobility rests Journal of the United States Cavalry Association ,1907 **A**

Standard History of Kansas and Kansans ,1918 **Brigadier General John Adams, CSA** Leslie R. Tucker, 2013-10-18 John Adams is best remembered as one of the four Confederate generals who lay on the porch of the Carnton House dead when the Battle of Franklin ended on December 1 1864 Unfortunately he did not leave much in the way of personal papers and this biography has been pieced together from Army records and other sources including accounts of his contemporaries Adams s career in the U S Army gives us a good look at the military the concept of Manifest Destiny and the relations with those conquered by the Army the Indians This book also considers one of the more debated topics in Civil War history why did a man who served the United States for most of his life resign his commission and side with the Confederacy The Plains Across John D. Unruh, 1993 One of three finalists for the Pulitzer Prize in History and the winner of seven awards including the John H Dunning Prize of the American Historical Association the Ray A Billington Book Award of the Organization of American Historians and the National Historical Society Book Prize
