Wagner, 2017-05-30 Choice Magazine Outstanding Academic Titles of the Year for 2017 A uniquely colorful chronicle of this dramatic and convulsive chapter in American and world history It's an epic tale and here it is wondrously well told David M Kennedy Pulitzer Prize

winning historian and author of *FREEDOM FROM FEAR* From August 1914 through March 1917 Americans were increasingly horrified at the unprecedented destruction of the First World War While sending massive assistance to the conflict's victims most Americans opposed direct involvement Their country was immersed in its own internal struggles including attempts to curb the power of business monopolies reform labor practices secure proper treatment for millions of recent immigrants and expand American democracy Yet from the first the war deeply affected American emotions and the nation's commercial financial and political interests The menace from German U boats and failure of U S attempts at mediation finally led to a declaration of war signed by President Wilson on April 6 1917 America and the Great War commemorates the centennial of that turning point in American history Chronicling the United States in neutrality and in conflict it presents events and arguments political and military battles bitter tragedies and epic achievements that marked U S involvement in the first modern war Drawing on the matchless resources of the Library of Congress the book includes many eyewitness accounts and more than 250 color and black and white images many never before published With an introduction by Pulitzer Prize winning historian David M Kennedy America and the Great War brings to life the tempestuous era from which the United States emerged as a major world power **Battleships of World War I** Antony Preston, 1972

The European Powers in the First World War Spencer Tucker, Laura Matysek Wood, Justin D. Murphy, 1999 First Published in 1999 Routledge is an imprint of Taylor Francis an informal company **Wartime Style** Lora Ann Sigler, 2022-10-28 This work is a comparative study of the three great American wars of the 20th century World War I World War II and Vietnam The book explores several aspects of American popular culture like fashion film and societal mores While a number of books have covered fashion during individual wars this is the first study to compare several major conflicts drawing some conclusions regarding the lasting influences of wardrobe over an entire century This book provides short background information for each war briefly covering earlier conflicts that shaped the hostilities of the 20th century Although the emphasis is on women's clothing participation and service men are not ignored Their fashions not only speak to the times but the enormity of their sacrifices Issues of Governance, Security, and Development in Contemporary Africa Mohamed Saliou Camara, Alem Hailu, Sabella O. Abidde, 2023-12-15 Governance security and development are three critical components of a dialectical nexus that is both dominant and determinant for any objective and fruitful quest for the understanding of the trajectory of a country a region or in the case of Africa a continent from a colonial past to a neocolonial and meta colonial present and toward a future of strategic optimal independence and self reliance That colonial past and the ensuing neocolonial and meta colonial present have made these critical components and the dialectical nexus that they form particularly challenging for the African continent For this reason *Issues of Governance Security and Development in Contemporary Africa* offers an in depth interdisciplinary analysis of the challenges that contemporary Africa faces within these critical areas as well as the resources and prospects that the continent possesses and can leverage to overcome the

said challenges Using case studies involving a range of countries across the continent Mohamed Saliou Camara Alem Hailu and Sabella O Abidde argue that Africa needs to decolonize the terms of reference that guide its nation building statecraft and national development agenda in ways that will facilitate the establishment of viable systems of governance and security and the promotion of genuine development
