Five Years of My Life Murat Kurnaz, 2008-04 Publisher Description *The Least Worst Place* Karen

Greenberg, 2010-09-27 Named one of the Washington Post Book World's Best Books of 2009 *The Least Worst Place* offers a gripping narrative account of the first one hundred days of Guantanamo Greenberg one of America's leading experts on the Bush Administration's policies on terrorism tells the story through a group of career officers who tried and ultimately failed to stymie the Pentagon's desire to implement harsh new policies in Guantanamo and bypass the Geneva Conventions Peopled with genuine heroes and villains this narrative of the earliest days of the post 9 11 era centers on the conflicts between Gitmo based Marine officers intent on upholding the Geneva Accords and an intelligence unit set up under the Pentagon's aegis The latter ultimately won out replacing transparency with secrecy military protocol with violations of basic operation procedures and humane and legal detainee treatment with harsh interrogation methods and torture Greenberg's riveting account puts a human face on this little known story revealing how America first lost its moral bearings in the wake of 9 11 **The Least Worst Place** Karen J. Greenberg, 2010 In January 2002 the first detainees of the War on Terror disembarked in Guantanamo Bay dazed bewildered and more often than not alarmingly thin With little advance notice the military's preparations for this group of predominantly unimportant ne'er do wells were hastily thrown together but as Karen Greenberg shows a number of capable and honorable Marine officers tried to create a humane and just detention center Greenberg a leading expert on the Bush Administration's policies on terrorism tells the story of the first one hundred days of Guantanamo through a group of career officers who tried and ultimately failed to stymie the Pentagon's desire to implement harsh new policies and bypass the Geneva Conventions The latter ultimately won out replacing transparency with secrecy military protocol with violations of basic operation procedures and humane and legal detainee treatment with harsh interrogation methods and torture patterns of power that would come to dominate the Bush administration's overall strategy From publisher description

Kill Boxes: Facing the Legacy of US-Sponsored Torture, Indefinite Detention, and Drone Warfare Richard

Falk, Elisabeth Weber, 2017 *Kill Boxes* addresses the legacy of US sponsored torture indefinite detention and drone warfare by deciphering the shocks of recognition that humanistic and artistic responses to violence bring to consciousness if readers and viewers have eyes to face them Beginning with an analysis of the ways in which the hooded man from Abu Ghraib became iconic subsequent chapters take up less culturally visible scenes of massive violations of human rights to bring us face to face with these shocks and the forms of recognition that they enable and disavow We are addressed in the photo of the hooded man all the more so as he was brutally prevented in our name from returning the camera's and thus our gaze We are addressed in the screams that turn a person tortured in our name into howling flesh We are addressed in poems written in the Guantanamo Prison camp however much American authorities try to censor them in our name We are addressed by the victims of the US drone wars however little American citizens may have heard the names of the places obliterated by the

bombs for which their taxes pay And we know that we are addressed in spite of a number of strategies of brutal refusal of heeding those calls Providing intensive readings of philosophical texts by Jean Am ry Jacques Derrida and Christian Thomasius with poetic texts by Franz Kafka Paul Muldoon and the poet detainees of Guant namo Bay Prison Camp and with artistic creations by Sallah Edine Sallat the American artist collective Forkscrew and an international artist collective from Pakistan France and the US Kill Boxes demonstrates the complexity of humanistic responses to crimes committed in the name of national security The conscious or unconscious knowledge that we are addressed by the victims of these crimes is a critical factor in discussions on torture on indefinite detention without trial as practiced in Guant namo and in debates on the strategies to circumvent the latter altogether as practiced in drone warfare and its extrajudicial assassination program The volume concludes with an Afterword by Richard Falk
