with Critical Discourse Analytic interpretation the author s analysis shows how gendered constructions of identity are built on uneven patterns of representation Stories and the characters who inhabit them not only provide child readers with entertainment but also the building blocks of their identities linguistic choices construct representations of how to be a girl or how to be a boy often in binary mutually exclusive terms Hunt s critical corpus linguistic approach uncovers patterns of

representation beyond the fiction author s awareness which reveal their assumptions about how girls and women behave or should behave or what boys and men do or should do Chapters cover the gendered patterns found in how characters speak how they express emotion and how they act on the world as well as those characters who contradict these patterns and perform their genders in different ways The detailed analysis and its implications will be relevant to teachers of literature

Good sermon illustrations are among a preacher's most persistent needs. However, Carlos E. Wilton argues that asking where to find good illustrations is the wrong question. In *Illuminating Sermons*, Wilton offers practical wisdom about how preachers can curate their own materials that extend beyond sermon illustrations. Using museum curation as a lens, this book presents the foundational habit of holy wonder to help preachers recognize short textual materials, metaphors, stories, quotations, and poetry that shimmer with the possibility of inspiration. The book casts an imaginative vision for preachers to develop lifelong disciplines of attention, creativity, discernment, and personal organization as they acquire, store, and deploy materials that illuminate rather than illustrate. *Illuminating Sermons* provides an accessible approach for preachers to develop and sustain a practice to curate their own sermon illuminations. This easy-to-use approach makes the book ideal for seminary students in homiletics, preachers, and lay ministry educators who desire an innovative approach toward sermon preparation and development.

The *Routledge Companion to Art and Activism in the Twenty-First Century* brings together a wide range of geographical, cultural, historical, and conceptual perspectives in a single volume of new essays that facilitate a deeper understanding of the field of art activism as it stands today and as it looks towards the future. The audience includes scholars and professors of modern and contemporary art, students in both graduate and upper-level undergraduate programs, as well as artists, curators, and museum professionals. Each chapter can stand on its own, making the companion a flexible resource for students and educators working in art history, museum studies, community practice, socially engaged art, political science, sociology, and ethnic and cultural studies.
