The World's Great Classics Timothy Dwight, Julian Hawthorne, 1899 Library Committee Timothy Dwight Richard Henry Stoddard Arthur Richmond Marsh A B and others Illustrated with nearly two hundred photogravures etchings colored plates and full page portraits of great authors Clarence Cook art editor *Predestination* Peter J. Thuesen, 2009-07-06 Winner of the Christianity Today 2010 Book Award for History Biography and praised in Christian Century as witty erudite masterful this groundbreaking history the first of its kind shows that far from being only about the age old riddle of divine sovereignty versus human free will the debate over predestination is inseparable from other central Christian beliefs and practices the efficacy of the sacraments the existence of purgatory and hell the extent of God s providential involvement in human affairs and has fueled theological conflicts across denominations for centuries Peter Thuesen reexamines not only familiar predestinarians such as the New England Puritans and many later Baptists and Presbyterians but also non Calvinists such as Catholics and Lutherans and shows how even contemporary megachurches preach a purpose driven outlook that owes much to the doctrine of predestination For anyone wanting a fuller understanding of religion in America Predestination offers both historical context on a doctrine that reaches back 1 600 years and a fresh perspective on today s denominational landscape

[The World's Great Classics: Ancient history](#), by G. Rawlinson , 1902 [The World's Great Classics](#) , 1902 [Index to the World's Great Classics](#) , 1902 **Land and Literature in a Cosmopolitan Age** Vincent P. Pecora, 2020-02-13 European culture after the Franco Prussian War of 1870 71 was no stranger to ancient beliefs in an organic religiously sanctioned and aesthetically pleasing relationship to the land The many resonances of this relationship form a more or less coherent whole in which the supposed cosmopolitanism of the modern age is belied by a deep commitment to regional nationalist and

civilizational attachments including a justifying theological armature much of which is still with us today This volume untangles the meaning of the vital geographies of the period including how they shaped its literature and intellectual life

The Evangelical Counter-Enlightenment William R. Everdell, 2021-05-21 This contribution to the global history of ideas uses biographical profiles of 18th century contemporaries to find what Salafist and Sufi Islam Evangelical Protestant and Jansenist Catholic Christianity and Hasidic Judaism have in common Such figures include Muhammad Ibn Abd al Wahab Count Nikolaus Zinzendorf Jonathan Edwards John Wesley Jean Jacques Rousseau and Israel Ba'al Shem Tov The book is a unique and comprehensive study of the conflicted relationship between the evangelical movements in all three Abrahamic religions and the ideas of the Enlightenment and Counter Enlightenment Centered on the 18th century the book reaches back to the third century for precedents and context and forward to the 21st for the legacy of these movements This text appeals to students and researchers in many fields including Philosophy and Religion their histories and World History while also appealing to the interested lay reader

Susanna Wesley Susanna Wesley, 1997-06-26 Susanna Wesley long celebrated in Methodist mythology as mother of the movement's founders now takes place as a practical theologian in her own right This collection of her letters spiritual diary and longer treatises only one of which was published in her lifetime shows her to be more than the nurturing mother of Wesleyan legend It also reveals her to be a well educated woman in conversation with contemporary theological philosophical and literary works Her quotations and allusions include Locke Pascal and Herbert as well as a number of now forgotten theologians In some of her work one can distinguish doctrinal and spiritual leanings such as Arminianism and Christian perfection that would later find wide expression in the spread of Methodism Further her writings demonstrate her readiness for conscience's sake to stand up to the men in her life father husband and sons and the three incarnations of English Protestantism they represented respectively Puritanism the Established Church and the new Methodist movement Tracing these incidents in her letters and diaries a reader can begin to understand how spirituality even an otherwise conservative one in rather restrictive times can serve to empower the voice of women

Heart of the Living God Michael G. Maness, 2004-06-23 Maness asks us to tie up our sneakers for we are going to have some fun as we hike into the Grand Canyon of Love Love is the treasure of life It is Love all the way Nothing else really matters outside of Love Best of all our Love will only get better in heaven The treasured ability to have loving relationships is God's gift to us in our Imago Dei the image of God we all share Likewise what we know of Love this side of heaven is but a dusty image of what God experiences I want to get personally involved says Maness Can we have a free will relationship with anyone even God if all of what we do and think is settled I don't think so Love is greater than that and I shall prove that and that is indeed a Grand Canyon Maness brings some of the brain splitting complexities of this to light with good humor introduces dynamic foreknowledge and challenges Classical Theism's avoidance of Love And he exposes some foul play

in the process That's the first half of the book For those wanting to strike out on their own wanting to see more of the depth and diversity of the Grand Canyon the second half contains reviews of about 60 major authors a 4 000 Abysmal Bibliography and a huge index to just about everything in the book Maness has thrown a gauntlet before the Classical Theists So tie up your sneakers and take a hike with Michael G Maness as he walks with you into the Grand Canyon see more at www.PreciousHeart.net

Index to the World Great Classics, 1902 *Classics of Protestantism* Vergilius Ferm, 1959 This is a large and meaty volume eminently useful in a course in the history of Protestant thought It contains large slices of Protestant classical literature from authors well known and still quoted as well as from authors now somewhat neglected although once extremely influential Not to know the schools of thought represented in this volume is to be unfamiliar with the winding course of Protestant theology There are seventeen excerpts from sixteen authors including the anonymous pre Protestant work known as *Theologia Germanica* widely influential in Luther's time Authors include Luther Calvin Samuel Clarke a famous essay on the Trinity William Law John Wesley Jonathan Edwards William Channing Schleiermacher Kierkegaard Horace Bushnell Theodore Parker Ritschl Inge Rauschenbusch and Karl Barth Each essay represents a distinct point of view and points up a theological school The editor prefaces each author with a biographical sketch to acquaint those readers who are less familiar with these theological and literary figures Since some of the works are now unavailable except in libraries at inconvenient distance this anthology should be particularly welcome to anyone's shelf of important literature Publisher
