Expat Communities Retire To Mexico:

Retirement Without Borders Barry Golson, 2008-12-09 The single best guide we've seen to retiring abroad The Wall Street Journal A comprehensive and engaging guide for retiring abroad with practical information on logistics costs health care and more by acclaimed journalist Barry Golson Barry Golson knows all about retiring abroad he and his wife Thia have lived in six different countries Now they choose expatriate friendly locales around the world for their low cost and their high quality of living and explain how to investigate and settle in each country with minimum hassle and maximum pleasure Taking you step by step through the process of researching testing and finally living abroad the Golsons practical how to guide covers all the major issues including health care finances real estate taxes and immigration Each location is profiled by an expatriate writer who has made that country his or her home and who knows how to answer all the questions about living richly and economically in some of the world's most beautiful places *Retire in Mexico - Live Better for Less Money* Dru Pearson, 2014-03-09 This fourth edition completely updated in 2014 is brimming with sound and thoughtful advice on retirement in Mexico Everything from how to pick your location to the new residency procedure that became effective in November 2013 is covered If you've ever considered retirement in Mexico please read this book first It has the most up to date information that would otherwise take you months of frustration to acquire But why Mexico The reasons are many Often Americans and Canadians choose Mexico because of its proximity Unlike most other exotic retirement locations that require lengthy plane trips it's easy to drive back and forth to Mexico A more important reason is that Mexico is a bargain compared to the rest of North America and Europe Expatriates live very well often more luxuriously than they did back home on very little money Housing is half what it costs in the States excellent medical and dental care is startlingly inexpensive and the government will even provide health insurance for less than 500 a year Then too Mexico is rich in archaeological sites steeped in history and has a more exciting foreign culture than any place in Western Europe There is also no denying that its delicious cuisine stunning architecture colonial cities and temperate climate also play a part in people's decision Dru isn't implying that Mexico is Shangri La but she thinks it is closer to paradise than any place you can find in the United States Canada or Europe Here in this land of majestic mountains and rolling countryside a gentle people are willing to welcome retirees into their hearts Expats have more time to explore other interests and develop talents because they have more freedom better health less stress and fewer mundane chores The low cost of living allows them to splurge on luxuries that would be prohibitive anywhere else and to take advantage of world class resorts that are only a few hours drive away No the country isn't perfect but you cannot get any closer to paradise than Mexico **The Secrets of Getting Rich** David J. Perel, 2020-05-19 THE SMARTEST MOVES TO INCREASE YOUR WEALTH NOW You may not be rich now or in six months but you can become wealthy if you change your mindset and adopt proven financial strategies that have helped countless others become true millionaires The Secrets of Getting Rich provides the strategies to build your wealth quickly and
