Doomed Chuck Palahniuk,2013-10-08 Madison Spencer the liveliest and snarkiest dead girl in the universe

continues the afterlife adventure begun in Chuck Palahniuk's bestseller *Damned*. Just as that novel brought us a brilliant Hell that only he could imagine, *Damned* is a dark and twisted apocalyptic vision from this provocative storyteller. The bestselling *Damned* chronicled Madison's journey across the unspeakable and really gross landscape of the afterlife to confront the Devil himself. But her story isn't over yet. In a series of electronic dispatches from the Great Beyond, *Damned* describes the ultimate showdown between Good and Evil. After a Halloween ritual gone awry, Madison finds herself trapped in Purgatory or, as mortals like you and I know it, Earth. She can see and hear every detail of the world she left behind, yet she's invisible to everyone who's still alive. Not only do people look right through her, they walk right through her as well. The upside is that no longer subject to physical limitations, she can pass through doors and walls. Her first stop is her parents' luxurious apartment where she encounters the ghost of her long-deceased grandmother. For Madison, the encounter triggers memories of the awful summer she spent upstate with Nana Minnie and her grandfather Papadaddy. As she revisits the painful truth of what transpired over those months, including a disturbing and finally fatal meeting in a rest stop's fetid men's room, in which we'll never mind her saga of eternal damnation takes on a new and sinister meaning. Satan has had Madison in his sights from the very beginning, through her and her narcissistic celebrity parents, he plans to engineer an era of eternal damnation for everyone. Once again, our unconventional but plucky heroine must face her fears and gather her wits for the battle of a lifetime. Dante Alighieri, watch your back, Chuck Palahniuk is gaining on you. [What Do I Read Next?](#), 2001 *Humanities*, 2004 [OK2BG](#) Jack Dunsmoor, 2015 *OK2BG* is narrative nonfiction, a Memoir about a guy who wants to be a Mentor, preferably to a teenager, so they can have a decent, meaningful conversation about stuff, preferably with a kid at risk or just otherwise lost, in order to help both the teenager as well as the determined subject of this story realize their unique potential, find or reinforce their place in the world. Overall, a chronicle about the author's attempt over several years to understand the question of why do I want to be a Mentor, which eventually helps him become a more insightful person. Subsequently, in September 2010, after a plague of teen suicides, Jack turns his attention to researching gay biographies into optimistically appropriate groups of books for gay kids at risk from bullying. After 5 years, Jack has categorized 2,000 books in the form of Memoirs, Biographies, Autobiographies, written by or about 1,000 allegedly gay men.
