

The book cover features a central illustration of Basil Copper, a man with dark hair and a serious expression, wearing a dark brown trench coat over a white shirt and dark tie. He is looking slightly upwards and to the left. The background is a dark, cloudy night sky with a yellowish light source, possibly the moon, behind the title. In the background, there are several houses with yellow walls and dark roofs, some with lit windows. The title 'THE EXPLOITS OF SOLAR PONS' is written in a large, stylized, red font with a yellow 3D shadow effect. The word 'SOLAR' is on the top line, and 'PONS' is on the bottom line. The number '#5' is in a small white circle with a black border, positioned between the two lines of the title. Below the title, the author's name 'BASIL COPPER' is written in a large, white, serif font. At the bottom, 'EDITED BY STEPHEN JONES' is written in a smaller, white, serif font.

pages from *The Adventure of the Sussex Archers* to *The Adventure of the Innkeeper's Clerk* and between these two tales are such memorable stories as *The Adventure of the Haunted Library* *The Adventure of the Intarsia Box* *The Adventure of the China Cottage* *The Adventure of the Crouching Dog* *The Adventure of the Whispering Knights* and others including among them *The Adventure of the Missing Huntsman* in which Pons and Parker invade the fox hunting country of England and *The Adventure of the Ascot Scandal* one of Pons' briefest and most amusing problems To supplement the tales the distinguished British author Michael Harrison contributes a monograph exploring the background of Dr Lyndon Parker and in the course of so doing explains the doctor's semi American English And finally August Derleth has added an Afterword in which he sets forth the facts about the origins of Solar Pons admitting that it was never his intention to do any considerable number of pastiches and relating the circumstances surrounding the continuing numbers of the tales ending happily with I cannot promise to write no more of them The present collection brings the total number of the Pontine pastiches to 57 one more than the total of the canonical short stories of which a reviewer for *The Louisville Journal Courier* wrote These tales recall as nothing else has done those delicious days and nights in Baker Street days and nights that have vanished forever From the original 1965 Mycroft Moran edition dust jacket

Mammoth Books presents *The Adventure of the Persecuted Painter* Basil Copper, 2012-05-17 Artist Aristide Smedhurst lives in a small cottage in Dorset Until recently he has lived a contented life but the strange voices heavy footsteps ghostly tappings and ghostly faces at the window have changed him He feels his sanity is unravelling fast and worst of all he fears his fiancée is now courting another man With no one else but a sleepy village constable to help him Smedhurst calls upon Holmes to answer his prayers and get to the bottom of who is tormenting him *The Alternative Sherlock Holmes* Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively *The Alternative Sherlock Holmes* does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making

available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field

The Return of Solar Pons August Derleth, 2018-06-06 It will be good news to many devotees of the deductive story particularly the pastiche of Sherlock Holmes that Solar Pons is back in a third major collection after a lapse of seven years In his introduction to this collection Mr Smith echoes the sentiments of many readers when he writes These pastiches come the closest of any that have been written consistently to capturing the true flavor of the Holmesian Saga and to making its people and its places and its happenings entirely credible There are thirteen tales in this collection ranging from the complex problem set forth in The Adventure of the Lost Dutchman to the sanguine events chronicled in The Adventure of the Swedenborg Signatures Here are such provocative exploits as The Adventure of the Penny Magenta The Adventure of the Trained Cormorant The Adventure of the Little Hangman The Adventure of the Remarkable Worm The Adventure of the Camberwell Beauty Here is a puzzle with supernatural overtones The Adventure of the Devil's Footprints and here too another which touches upon the early exploration of atomic secrets The Adventure of the Rydberg Numbers And one of these entertaining accounts is a double pastiche not only of the Master of Baker Street but also of the sinister Oriental of Limehouse These tales will bring back long missed Baker Street days for No 7 Praed Street bears a striking resemblance to 221B Baker Street and Solar Pons and Dr Parker seem often interchangeable with Sherlock Holmes and Dr Watson No living writer has equaled August Derleth's achievement in these pastiches offered to readers with no intention to deceive but only to entertain Here once again is London of decades ago and here once again the game is afoot
