Bouma,2014-11 Many church leaders are confused Patterns of ministry which worked so well in the past are no longer effective Churches which grew rapidly have ceased to grow The culture of the Western world has changed At its heart is a change in the nature of authority from tradition and reason to the authority of personal experience This book explores the changes in culture and church life Rev Dr Philip Hughes the senior research officer of the Christian Research Association outlines the problem the churches are facing Rev Gary Bouma Professor Emeritus of Sociology at Monash University and an Anglican Priest charts the origins of the problem The large part of the book is the work of Rev Dr Gerald Rose a senior minister in the Churches of Christ in Victoria Australia Through careful observation and detailed interviews of ministers he describes a range of ministry responses to the changing culture He explores not one solution but many the ministry of intentional mission of the charismatic movement of ministry
