Do This Liturgy As Performance:

Do this Richard D. McCall, 2007 Abstract Toward Japanese Ways of Christian Worship Saya Ojiri, 2025-11-27 This book explores the socio cultural dimensions of rice ritual and relationship in Japanese culture utilizing critical resources drawn from the methodologies of liturgical inculturation ritual studies and postcolonial theory **Liturgia Dei** Adam Couchman, 2025-10-10 What does it mean to worship More often than not we understand worship to be something that we perform for God If that s the case then worship is ultimately a human action that flows from human effort How would our understanding of worship change though if we took as our starting point that Jesus is a fully human and fully divine worshiper Does it then mean that God is worshipping In responding to these questions Liturgia Dei suggests that worship is not primarily something we do for God but something God is eternally performing Worship is the eternal glorification of God that extends from and returns to the eternal relations of Father Son and Mother Spirit The church joins in this worship to through and with Jesus Christ **Manuscripts and Performances in Religions, Arts, and Sciences** Antonella Brita, Janina Karolewski, Matthieu Husson, Laure Miolo, Hanna Wimmer, 2023-12-04 Throughout history manuscripts have been made and used for religious artistic and scientific performances and this practice continues in most cultures today By focusing on the role manuscripts have in different kinds of performances this volume contributes to the evolving field of investigating written artefacts and their functions The collected essays regard manuscripts as points of intersection where textual material and performative aspects converge The contributors analyse manuscripts in their forms and functions as well as their positioning in the performances for which they were made These aspects unfold across the volume s three sections examining how manuscripts are 1 used backstage for preparing and giving instructions for performances 2 taken onstage contributing to the enactment of performances and 3 performers in their own right producing an effect on the audience The diversified interdisciplinary and innovative methodologies of the included papers carry great potential to expand the traditional approaches of manuscript studies and find application outside the contributors respective fields *A Brief History of the Joint Use of Precompos'd Set Forms of Prayer ...
