*Documents of Modern Literary Realism* George Joseph Becker, 2015-12-08 Using selections by American British French German Russian Scandinavian Spanish Portuguese and South American critics and authors Professor Becker illustrates how realism arose as a reaction to romanticism and how the practitioners of realism developed conflicting ideas about the means they should use and the ends toward which they should strive The selections are concerned mainly with prose since according to the author prose fiction has been the major vehicle of realism Originally published in 1963 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Comparative Criticism: Volume 1, The Literary Canon Elinor S. Shaffer, Elinor Shaffer, 1979-11 This is a yearbook sponsored by the British Comparative Literature Association which promotes comparative literary studies

Devaney, 1997-08-04 Since at Least Plato and Other Postmodernist Myths surveys the fields of theories of postmodernism and criticizes some of the most common claims found in them about philosophy science and the relationship and literary techniques to metaphysics epistemology and political ideologies Devaney finds the accounts offered by these theories of concepts ranging from the law of noncontradiction to relativity and the Uncertainty Principle to be as ill informed as they are pervasive Devaney shows how the use to which these accounts have been put in constructing the story of the progression from realism to postmodernism to modernism flattens out both the history of ideas and the history of literature The Junior College Library Collection Frank J. Widener Library Shelflist: Literature: general and comparative Harvard University. Library, 1968. *Uneven Land* Stephanie L. Sarver, 1996. Thomas Middleton's City Comedies Anthony Covatta, 1973. *Literature, Obscenity, & Law* Felice Flanery Lewis, 1976. This timely new study provides a systematic comparative and comprehensive view of literature's involvement in the obscenity question. The year 1890 roughly marks the beginning of a sexual revolution in the fiction published in the United States. Today the gains realized generally are regarded as beneficial and the right of writers to express themselves and perhaps more importantly the right of people to read usually are taken for granted though they are not without peril as recent Court cases have shown. The year 1890 marks also the beginning of a sustained effort through legal action to censor literature considered obscene. The tensions thus produced are with us still. A crisis once again seems brewing as a result of the Burger Court's 1973 Miller v. California decision. At least 20 of the 50 states have already passed new anti-obscenity legislation based on Miller and more than 250 such bills are pending in other state legislatures. The trauma to our national psyche caused by the obscenity issue is the subject of this new thorough and dispassionate study. Dean Lewis's investigations include all works of imaginative literature: novels, short stories, poetry, and plays known to have been the subject of obscenity litigation in the United States for which court records exist up to and including the Carnal Knowledge v. Jenkins v. Georgia case in 1974 and encompass more than fifty major works of imaginative literature charged with being obscene. General readers concerned with civil rights, constitutional scholars, lawyers, judges, booksellers, publishers, writers, and librarians will find here much to ponder about the state and status of our literature, almost the most prodigious asset of a country and perhaps its most precious possession. Mark Twain once wrote: **Die Entwicklung Des Romans** International Comparative Literature Association. Congress, 1982. **The Research Paper** Audrey J. Roth, 1966.
