Karl Marx

El Capital Tomo Iii Spanish:

El Capital Karl Marx, 2017-08-05 Pocos libros han sido discutidos con tanta pasi3n como El Capital desde que vio la luz p3blica fue censurado y elogiado pr3cticamente en todo el mundo y sigue si3ndolo hasta nuestros d3as Sin embargo la base de la pol3mica radica en su contexto social pues como tema fundamental de investigaci3n econ3mica figura desde hace tiempo entre las obras cl3sicas de la materia Concebida como continuaci3n de una obra anterior Contribuci3n a la cr3tica de la econom3a pol3tica 1859 ahora se la considera como n3cleo de la teor3a del nacimiento y la circulaci3n del capital as3 como de su funci3n como factor en el proceso entero de los bienes econ3micos El Capital muestra el criterio de an3lisis del autor para entender la formaci3n de la sociedad capitalista la mercanc3a como punto de partida de la sociedad capitalista los agentes que producen esa mercanc3a la forma c3mo el capitalista acumula riqueza la circulaci3n del capital el resultado de la venta de la mercanc3a y finalmente c3mo queda dividida la sociedad a partir de ese capital obtenido Politics, State, Communism 3lvaro Garc3a Linera, 2023-10-06T00:00:00+02:00 Politics State Communism brings together a series of speeches written by lvaro Garc3a Linera in a unique political conjuncture some date back to when he was serving as vice president of Bolivia others to the period immediately after the coup d3tat of November 2019 These writings cover a wide range of political subjects social movements and forms of autonomy in Bolivia democracy and its function in late capitalism the discrepancy between national and capitalist spaces the Russian October Revolution as an event and its resonances in other parts of the world the concept and function of the state and finally the idea of communism in its relation to necessity and contingency Preface by Slavoj i3ek

Revolution and the State Danny Evans, 2018-05-08 This book analyses the processes of revolution and state reconstruction that took place in the Republican zone during the Spanish civil war It focuses on the radical anarchists who sought to advance the revolutionary agenda Their activity came into conflict with the leaders of the libertarian organisations committed to the reconstruction of the Republican state following its near collapse in July 1936 This process implied participation not only in the organs of governance but also in the ideological reconstitution of the Republic as a patriarchal and national entity Using original sources the book shows that the opposition to this process was both broader and more ideologically consistent than has hitherto been assumed and that in spite of its heterogeneity it united around a common revolutionary programme This resistance to state reconstruction was informed by the essential insight of anarchism that the function and purpose of the modern state cannot be transformed from within By situating the struggles of the radical anarchists within the contested process of state reconstruction the book affirms the continued relevance of this insight to the study of the Spanish revolution **Original Narratives of Early American History : Spanish Explorers in the Southern United States 1528-1543** Vacandard, E. (Elph3ge), Original Narratives of Early American History Spanish Explorers in the Southern United States 1528 1543 There are few Spanish narratives that are more unsatisfactory to deal with by reason of the lack of directions distances and other details than that of Cabeza de Vaca consequently there are

scarcely two students of the route who agree His line of travel through Texas was twice crossed by later explorers in 1541 by the army of Francisco Vazquez Coronado on the eastern edge of the Stake Plains and again in 1582 by Antonio de Espejo on the Rio Grande below the present El Paso These data with the clues afforded by the narrative itself point strongly to a course from the tuna fields about thirty leagues inland from San Antonio Bay to the Rio Colorado and perhaps to the Rio Llano westward across the lower Pecos to the Rio Grande above the junction of the Conchos thence in an approximately straight line across Chihuahua and Sonora to the Rio Sonora where we find Cabeza de Vaca s Village of the Hearts which Coronado also visited in 1540 at or in the vicinity of the present Ures Soon after he reached this point traces of the first Christians were seen and shortly after the Spaniards themselves in the form of a military body of slave hunters As to the character of our chronicler he seems to have been an honest modest and humane man who underestimated rather than exaggerated the many strange things that came under his notice if we except the account of his marvellous healings even to the revival of the dead The expedition of Narvaez was in itself a disastrous and dismal failure reaching an end alike forlorn and fatal but viewed from the standpoint of present day civilization the commander deserved his fate On the other hand while one might well hesitate to say that the accomplishment of Cabeza de Vaca and his three 8 companions compensated their untold sufferings the world eventually became the wiser in more ways than one The northern continent had been penetrated from shore to shore the waters of the Mississippi and the bison of the plains were now first seen by white men and some knowledge of the savage tribes had been gleaned for the benefit of those who should come after There is no blatant announcement of great mineral wealth a mountain with scoria of iron some small bags of mica a quantity of galena with which the Indians painted their faces a little turquoise a few emeralds and a small copper bell were all Yet the effect of the remarkable overland journey was to inspire the expedition of Coronado in 1540 and it is not improbable that De Soto who endeavored to enlist the services of Cabeza de Vaca may likewise have been stimulated to action After the three Spaniards returned to Mexico they united in a report to the Audiencia of Espa ola Santo Domingo which is printed in Oviedo s Historia General y Natural de las Indias tomo III lib XXXV ed 1853 In April 1537 they embarked for Spain but the ship in which Dorantes set sail proved to be unseaworthy and returned to Vera Cruz Invited to the capital by the Viceroy Mendoza Dorantes was tendered a commission to explore the northern country but this project was never carried out Cabeza de Vaca in reward for his services was appointed governor captain general and adelantado of the provinces of Rio de la Plata Sailing from Cadiz in November 1540 he reached Brazil in March of the following year Here he remained seven months when he sent his vessels ahead to Buenos Ayres and started overland to Asuncion which he reached in March 1542 after a remarkable experience in the tropical forests But the province seems to have needed a man of sterner stuff than Alvar Nu ez for he soon became the subject of animosity and intrigue which finally resulted in open rebellion and his arrest in April 1543 He was kept under close guard for about two years when he was sent to Spain and in 1551 was sentenced to banishment in Africa for eight years a judgment that does not seem to have

been carried out for after serving probably a year or so in mild captivity at Seville he was acquitted He died in 1557

Spanish Explorers in the Southern United States, 1528-1543 Knight of Elvas, Alvar active 16th century Núñez Cabeza de Vaca, Pedro de active 16th century Castañeda de Nájera, 2022-05-28 Spanish Explorers in the Southern United States 1528-1543 offers a compelling exploration into the encounters between early Spanish explorers and the burgeoning landscapes of the American South This anthology juxtaposes the raw and rugged narratives of survival conflict and discovery as depicted through a variety of accounts The collection vividly captures the dynamic interactions between the Old and New Worlds presenting a tapestry of exploration filled with cultural exchanges and momentous encounters Standout pieces delve into the visceral experiences of these explorers as they traverse uncharted territories masterfully weaving historical events with personal anecdotes that resonate across centuries The contributing authors including significant chroniclers like the Knight of Elvas Alvar N ez Cabeza de Vaca and Pedro de Casta eda de N jera were pivotal figures in the epoch of European exploration Their firsthand experiences and narratives form the nucleus of this collection providing invaluable insights into the themes of exploration and colonization during the 16th century These writings are rooted in key historical and cultural movements of the time reflecting the intrepid spirit of the Renaissance and the complex interactions between Europeans and Indigenous peoples thus illuminating the nuanced dynamics of early colonial encounters This anthology is an indispensable resource for readers seeking to immerse themselves in a multiplicity of perspectives and styles offering profound educational value The texts provide not only a rich narrative but also an intellectual dialogue that enhances our understanding of early American history Through this collection discover the diverse narratives and shared experiences that shape an intricately layered understanding of cultural exchange making it an essential addition to both personal and academic libraries

Spanish Explorers in the Southern United States, 1528-1543 Frederick Webb Hodge, Theodore Hayes Lewis, 1907

The Age of Mass Child Removal in Spain Peter Anderson, 2021-11-23 The Age of Mass Child Removal in Spain analyses the ideas and practices that underpinned the age of mass child removal This era emerged from growing criticisms across the world of dangerous parents and the developing belief in the nineteenth century that the state could provide superior guardianship to unfit parents In the late nineteenth century the juvenile court movement led the way in forging a new and more efficient system of child removal that severely curtailed the previously highly protected sovereignty of guardians deemed dangerous This transnational movement rapidly established courts across the world and used them to train the personnel and create the systems that frequently lay behind mass child removal Spaniards formed a significant part of this transnational movement and the country's juvenile courts became involved in the three main areas of removal that characterize the age the taking of children from poor families from families displaced by war and from political opponents The study of Spanish case files reveals much about how the removal process worked in practice across time and across democratic regimes and dictatorships These cases also afford an insight into the rich array of child removal practices that lay

between the poles of coercion and victimhood Accordingly the study offers a history of some of most marginalized parents and children and recaptures their voice agency and experience Peter Anderson also analyses the removal of tens of thousands of children from General Franco s political opponents sometimes referred to as the lost children of Francoism through the history and practice of the juvenile courts El Capital/ The Capital Karl Marx,2016-08-19 El Capital Tomo
