Fictional International Relations Gender Pain And Truth War Politics And Experience:

Fictional International Relations Sungju Park-Kang, 2014-06-05 This book proposes the idea of fictional International Relations IR and engages with feminist IR by contextualising the case of a woman spy in Korea in the Cold War Fictional imagination and feminist IR encourage one to go beyond conventional or standard ways of thinking it reshapes taken for granted interpretations and assumptions This takes the view that a dominant narrative of events might be reconstructed as a different kind of story once events are placed within a wider temporal approach The case of the woman Korean secret agent who reportedly bombed a South Korean plane Korean Airlines KAL Flight 858 under the instruction from the North Korean leadership to disrupt the Seoul Olympic Games is chosen to serve as an effective example of fictional IR and feminist IR scholarship which can be investigated through the research puzzles concerning gender pain and truth Fictional International Relations has three main objectives First it investigates the way in which fiction writing can become a method for dealing with data problems and contingency in IR Second the book examines how gender pain and truth operate or interact in the case of the Korean spy and how this observation can strengthen feminist IR in terms of intersectionality Finally the author goes on to explore why this case has been so difficult to study openly and thoroughly The aim of the book is not to refute the official findings the point is to unpack complex dynamics surrounding truth more specifically how the official account has been executed as the truth based on a feminist informed investigation This book will be of interest to students of IR theory critical security studies Cold War studies gender studies and Asian studies

Gender Politics and Security Discourse Laura McLeod, 2015-07-16 This book investigates competing modes of thought about gender security and aims to understand the policy implications of personal political imaginations The work draws upon extensive research conducted by the author in Serbia to develop a comprehensive picture of how feminist and women s organising relates to the broader national and international contexts surrounding gender security Through an innovative analytical framework of personal political imaginations the book explores the role that memories perceptions and hopes about conflict and post conflict have upon the logics of gender security It investigates how contrasting and competing modes of thought about gender security are made paying attention to how the dynamics of gender politics in Serbia shape the security discourse and narratives of activists The volume explores in detail how feminist and women s organisations have responded to UNSCR 1325 by analysing two policy debates and campaigns that seek to achieve its goals and gender security in Serbia 1 feminist antimilitarism and 2 connecting domestic violence to the abuse of small arms and light weapons Ultimately the book argues that the configuration of gender security discourse is intimately linked to personal political imaginations of conflict and post conflict This book will be of much interest to students of gender politics conflict studies critical security studies European politics and IR in general

Masquerades of War Christine Sylvester, 2015-05-22 This collection explores the concepts and practices of masquerade as they apply to concepts and practices of war The contributors insist that masquerades are everyday aspects of the politics

praxis and experiences of war while also discovering that finding masquerades and tracing how they work with war is hardly simple. With a range of theories, innovative methodologies and contextual binoculars, masquerade emerges as a layered and complex phenomenon. It can appear as state deception, lie or camouflage as in the population-centric American warfare in Iraq that was sold as good for the local people or the hidden violence Russian military forces used on each other and on local men in Chechnya. Masquerade can also be part of a people's war logic as exemplified by the Maoist movement in India. Yet masquerade can also be understood as a normal social mask that people don to foreground an identity or belief from one's cluttered repertoire in order to gain agency. Elements of masquerade can appear in texts that proclaim seemingly unequivocal positions while simultaneously yet subtly suggesting opposing positions. Masquerades of all kinds also seem ubiquitous in fieldwork research and in resistance movements in war zones. Perhaps masquerade though is ultimately the denial of death lurking behind the clarion call of security, a call that bolsters war by making militarized policing normal to secure populations from terrorists. These interpretations and others comprise *Masquerades of War*. This book will be of much interest to students of critical war studies, critical security, conflict studies and IR in general. *Gendering*

Counterinsurgency Synne L. Dyvik, 2016-12-08. This book analyses the various ways counterinsurgency in Afghanistan is gendered. The book examines the US-led war in Afghanistan from 2001 onwards, including the invasion, the population-centric counterinsurgency operations and the efforts to train a new Afghan military charged with securing the country when the US and NATO withdrew their combat forces in 2014. Through an analysis of key counterinsurgency texts and military memoirs, the book explores how gender and counterinsurgency are co-constitutive in numerous ways. It discusses the multiple military masculinities that counterinsurgency relies on, the discourse of cultural sensitivity and the deployment of Female Engagement Teams (FETs). *Gendering Counterinsurgency* demonstrates how population-centric counterinsurgency doctrine and practice can be captured within a gendered dynamic of killing and caring, reliant on physical violence albeit mediated through armed social work. This simultaneously contradictory and complementary dynamic cannot be understood without recognising how the legitimization and the practice of this war relied on multiple gendered embodied performances of masculinities and femininities. Developing the concept of embodied performativity, this book shows how the clues to understanding counterinsurgency as well as gendering war more broadly are found in war's everyday gendered manifestations. This book will be of much interest to students of counterinsurgency, warfare, gender politics, governmentality, biopolitics, critical war studies and critical security studies in general. **Bodies, Power and Resistance in the Middle**

East Caitlin Ryan, 2015-08-14. The book examines how exercises of power and processes of security exercised in the Occupied Palestinian Territories have formed Palestinian women as subjects. To understand how women experience occupation, this book examines the various ways in which the occupation is directed at making Palestinian women into subjects of power. The work argues that the exercises of power are focused on controlling and disciplining women's bodies. The objectives are to

expose how the exclusions of women's daily lived experiences of conflict in the occupied Palestinian territories obscures how power operates to demonstrate how the elements of Israeli security practices make women insecure and to highlight how resistance to the occupation can be found embedded within daily life in the occupied territories. Ultimately all of these themes can be related more broadly to how women might experience conflict and resist subjectification by exposing different ways that subjectifications result in insecurities and resistance to those insecurities. While the book is specific to women in the Occupied Palestinian Territories, the exercises of power and enactments of resistance it exposes demonstrate how important it is to take seriously the feminist argument that the personal is international and the international is personal. This book will be of much interest to students of gender politics, critical security studies, Middle Eastern politics, sociology, and IR in general. Forthcoming Books Rosemary, 2004 American Book Publishing Record R.R. Bowker Company, 1978

Books in Print Supplement, 2002 Tears of Theory Sungju Park-Kang, 2022-04-04 Tears of Theory demonstrates the value of making storytelling and personal experience integral parts of International Relations (IR) scholarship. Through an examination of the disappearance of Korean Air KAL flight 858 in 1987, the book also explores what it means to conduct research in sensitive and difficult settings. According to South Korea, a female secret agent bombed the plane under instructions from the North Korean leadership, killing 115 people. Many unanswered questions emerged and resulted in two rounds of reinvestigations. Taking this case in the context of the ongoing Cold War, Park-Kang presents the story about a researcher whose life is deeply entangled with the Cold War mystery. The story is based on the author's dramatic research journey of twenty years on the mysterious spy. The book will be of interest to students and scholars of IR, Asian Korean Studies, Narrative Studies, Security Studies, Pedagogy, and methodology. **The Forest Dames** Ada Okere Agbasimalo Ph.D., 2017-07-22 Naturally talented Ada Okere Agbasimalo remains richly endowed with that incredibly fertile imagination that drives her passion to connect with her immediate environment and weave interestingly curious scenes into big stories. Her deep knowledge of the themes of her works pairs up with her rare gift in creative writing to keep her readers spellbound as she crafts suspense upon suspense with such masterly control that you CANNOT put down her books. In this third book of hers where she narrates her true life experience as a teenage girl caught up in the cross fire of war, she practically brings you quite in subdued trepidation face to face with the situation of reality. The author holds a doctorate degree in International Relations and had been an employee in Nigeria of the Johns Hopkins University Center for Communication Programs (JHU CCP) and COMPASS, both USAID sponsored. She also had a stint with Society for Family Health (SFH). Married with four children and two grandchildren, she is widely travelled and widely read. She is also the author of *Bow You Must* and *Waves of Destiny*. *The Forest Dames* is a pulsating story about the devastating effects of war in which Ada Okere Agbasimalo dwells on the sordid consequences of civil war on humanity and the tortuous effort to achieve normalcy. It features Deze, a young girl with a keen mind who lived with her parents in a typical African setting and felt the pain of war. As an adult, the memories

remain intact kind of haunting her The Forest Dames is a strident voice detailing and condemning potential malignant actions that continue to impede the development of African nations and indeed parts of the developing world These include wars culture based biases illogical and deadly tribal hatred wanton destruction of life and property etc African and world leaders politicians historians students and the general public should be awakened by this book It is a must read Samuel Ozurumba Ejiogu Esq The Forest Dames is Designed to get war agitators to have a rethink A vivid and authentic literature for post war citizens anywhere in the world and anybody for that matter A celebration of femininity A motivation on how to move on A potpourri of cruelty resilience ingenuity industry commitment hopes and aspirations A potent material for War and Gender scholars The girls watched the women melt into the thick forest through the same emergency pathway that had led them in This time there was no sound of water there were no whispers only footsteps on the path
