Fifty Is The New Nothing Starting Over In The Middle:

Fifty Is the New Nothing Chuck Sigars, 2011-08-01 I don't want to go to law school or pursue another advanced degree or change my career which would be funny if I had a career to begin with I might do all of those things come the next season but this is summer and I'm about to turn 50 and suddenly I have the makings of a gym in my basement and it's clear to me I want to be Batman The Dark Knight of the Soul Some people age well Others not so much When it came to turning 50 though Pacific Northwest columnist Chuck Sigars realized it was an ideal time to start over From his popular newspaper columns for Beacon Publishing 50 Is The New Nothing explores the possibilities not the limitations of aging With his trademark humor Sigars describes his adventures losing 100 pounds learning to count calories and walk for miles along with his discovery of exactly how many push ups he could do three 50 Is The New Nothing could also be a primer on aging gracefully as Sigars explores the pitfalls and signposts on the road to old guy status including which shirts should never be tucked in and how to avoid talking like a teenager Divided into two sections Finding Fifty and Family Matters in the latter part of the book Sigars turns his attention to the ones that matter most as he prepares for his daughter's wedding Along the way he takes a crosscountry road trip and finds out that home is where the heart is as long as you know where home is and who is waiting for you there Ultimately this is a story of discovery told through the eyes of a 50 something newspaper columnist who was surprised as anyone to hit the big Five Oh As he points out in the preface this generation of Late Boomers might be the least prepared of any cohort for senior citizenship We were never going to get old he writes in the introduction We were going to coast drafting like Dennis Christopher in *Breaking Away* 1976 behind the preceding generations and particularly technology getting younger even as the years passed picking up speed by virtue of being born on the cusp of a new era and reaching adolescence in an angst free time What happens of course is what everyone experiences eventually but told through the aging eyes of a funny man who decides to start over in the middle just for the heck of it and surprises himself and us with what he finds
