Disproving Christianity and Other Secular Writings (2nd edition, revised) David G McAfee, 2011-10-01 Not only do I believe that it is possible to maintain moral standards without the crutch of religion but I would argue that it is the only way to achieve true goodness Disproving Christianity and Other Secular Writings compiles popular and lesser known arguments against the principles established by the Christian canon Using a phenomenological approach to build his case based on in depth study at the University of California Santa Barbara McAfee analyzes the Hebrew Scriptures and New Testament doctrine to build a logical and reasonable case against their validity From contradictions between lived and portrayed religions to factual errors within the texts themselves no stone is left unturned in this fully updated and expanded refutation of Christianity

Disproving Christianity David G. McAfee, 2010-07-21 This book has been re published in a revised second edition entitled Disproving Christianity and Other Secular Writings available here http://www.amazon.com/Disproving-Christianity-Secular-Writings-revised/dp/0956427685/ref=sr_1_5?ie=UTF8&qid=1320376164&sr=8-5 This book is an attempt to compile popular and unknown arguments against the principles of the Christian canon Christianity has become separated into many smaller sects but retains some constant biblical tenets and divine ideas it is these similarities that are crucial if my thesis is to be considered a disproof Using essays and biblical analysis I discuss some of the contradictory and controversial passages from the Hebrew Scriptures which Christians refer to as the Old Testament and the New Testament along with modern practices beliefs and teachings of twenty first century Christianity in an attempt to make known the discrepancies which have largely been ignored within the Christian Church especially Western Society David G McAfee From the back cover David G McAfee introduces his first book an introductory look into the world of Christianity and the refutation of its key principles Using

almost exclusively evidence and passages from the Christian Holy Scriptures of the Old and New Testaments David is able to establish new arguments against the validity of the Christian religion as well as reorganize and reevaluate some of the more traditional debates Through a close reading of the Sacred Texts and years of studying the Christian theology from a secular viewpoint David G McAfee is able to approach the refutation of Christianity from a reasonable and logical perspective From contradictions in the Holy Bible to issues in modern Christian teachings to problems with the founding pillars of Christianity itself Mr McAfee in this book is able to successfully Disprove Christianity

No Sacred Cows David G. McAfee, Yvette d'Entremont, 2017-08-22 While belief in religious supernatural claims is waning throughout the West evidence suggests belief in nonreligious supernatural claims is on the rise What explains this contradiction How can a society with a falling belief in God have a rising belief in ghosts psychic powers ancient astronauts and other supernatural or pseudo scientific phenomena Taking the same anthropological approach he employed in his notable studies of religion atheist author and activist David G McAfee turns his attention to nonreligious faith based claims Whether going undercover as a medium getting tested at Scientology headquarters in Los Angeles or interviewing celebrity paranormalists and famous skeptics he leaves no stone unturned in his investigation As in the case of religion he finds an unwillingness among believers to critically examine their most closely held convictions Only once individuals honestly assess their own sacred cows will they be able to ensure that their beliefs conform to the known facts and that our decisions as a society are based on the best available evidence
