**Hesburgh of Notre Dame** Todd C. Ream, Michael J. James, 2022-11-25 This volume is the first comprehensive assessment of the life and legacy of Father Theodore Hesburgh 1917 2015 an educator priest public servant and long serving President of the University of Notre Dame Despite being a transformative figure in Catholic higher education who led the University of Notre Dame for 35 years and wielded influence with US presidents on civil rights and other charged issues of his era secular accounts of history often neglect to assess the efforts of religious figures such as Hesburgh In this volume the editors and their authors turn a fair minded but critical eye to the priest's record to evaluate where he fits into the long development of Catholic higher education and Catholics role in American public life      *Roman Sources for the History of American Catholicism, 1763-1939* Matteo Binasco, 2018-05-15 *Roman Sources for the History of American Catholicism 1763 1939* is a comprehensive reference volume researched and compiled by Matteo Binasco that introduces readers to the rich content of Roman archives and their vast potential for U S Catholic history in particular In 2014 the University of Notre Dame's Cushman Center for the Study of American Catholicism hosted a seminar in Rome that examined transatlantic approaches to U S Catholic history and encouraged the use of the Vatican Secret Archives and other Roman repositories by today's historians Participants recognized the need for an English language guide to archival sources throughout Rome that would enrich individual research projects and the field at large This volume responds to that need Binasco offers a groundbreaking description of materials relevant to U S Catholic history in fifty nine archives and libraries of Rome Detailed profiles describe each repository and its holdings relevant to American Catholic studies A historical introduction by Luca Codignola and Matteo Sanfilippo reviews the intricate web of relations linking the Holy See and the American Catholic Church since the Treaty of Paris of 1763 Roman sources have become crucial in understanding the formation and development of the Catholic Church in America and their importance will continue to grow This timely source will meet the needs of a ready and receptive audience which will include scholars of U S religious history and American Catholicism as well as Americanist scholars conducting research in Roman archives      *The Future of Catholicism in America* Mark Silk, Patricia O'Connell Killen, 2019-04-02 Catholics constitute the largest religious community in the United States Yet most American Catholics have never known a time when their church was not embroiled in controversies over liturgy religious authority cultural change and gender and sexuality Today these arguments are taking place against the backdrop of Pope Francis's

progressive agenda and the resurgence of the clergy sexual abuse crisis What is the future of Catholicism in America This volume considers the prospects at a pivotal moment Contributors scholars from sociology theology religious studies and history look at the church s evolving institutional structure its increasing ethnic diversity and its changing public presence They explore the tensions among members of the hierarchy between clergy and laity and along lines of ethnicity immigration status class generation political affiliation and degree of religious commitment They conclude that American Catholicism s future will be pluriform reflecting the variety of cultural political ideological and spiritual points of view that typify the multicultural democratic society of which Catholics constitute so large a part **CHRISTIAN HIGHER EDUCATION**

Christopher Toote,2022 History recounts that the least memorable period for Christian higher education had been from 1920 to 1960 when numerous church affiliated institutions followed the state universities and elite private institutions in the movement toward secularization Research indicates that significant numbers of colleges begin with a Christ centered mission but change their original intent to quasi secularization or secularization This book examines the mission of Christian colleges in an effort to understand the shift from Christian to secularized foundation by exploring participants from the founding membership colleges of the Council of Christian Colleges and Universities CCCU and ten other colleges or universities that were once Christ centered and are now secularized The author used a qualitative research approach to examine the mission statements of Christian colleges by exploring participants from the founding membership colleges of the Council of Christian Colleges and Universities CCCU and ten other colleges and universities that have shifted to secularization The objective was to discover why Christian colleges changed their Christian mission to secularization and determine the necessary components for Christian colleges to remain true to the original intent of their establishment This is a fundamentally sound reliable historical resource The Legacy of Avery Cardinal Dulles, S.J.
