TROUBLESHOOTING & FEATURES

Quick Fixes for Most Common Problems

DISH Network prides itself on its top-of-the-line high-definition receivers. In the event you experience any problems watching or controlling your TV, try these quick fixes:

Blue, Black, Frozen or Snowy Screen:

- Reset Your Receiver:** If you see a blue, black, frozen or snowy screen, press the red RESET button on the front panel of your receiver. The receiver will restart and should return to programming in just a few minutes. Resetting your receiver is like re-booting your computer.

Your TV May Be On the Wrong Channel / Input:

See the "TV Viewing Basics" panel to make sure your TV is set to the correct channel number or input.

Remote Won't Work:

Press and hold the zero button to load the System Wizard. Follow the on-screen instructions to fix remote control issues. Also, try replacing the batteries in your remote control. You may see a message on your screen regarding low battery strength.

Satellite Signal Message:

If you get an "acquiring satellite signal" message, your signal will be restored within minutes, not days or weeks like with cable. This is rare, and almost always temporary. If you have had inclement weather and continue to have signal issues after the weather clears, make sure your dish antenna is not covered by snow, ice or a fallen object. If it can be accessed safely and easily, gently clear your dish.

Parental Locks

You can password-protect programming based on rating or on a channel-by-channel basis.

- Press the MENU button , select LOCKS.
- Select the LOCKS option you prefer (such as "Lock PPV").
- Select LOCK SYSTEM and choose a password.

Get Connected

Connecting a phone line or high-speed internet connection into the receiver unlocks many great features, plus you can save \$5/mo. If you're not connected to a phone line, you will see a \$5 programming access fee on your monthly bill for each dual-tuner receiver.

Phone Line and High-Speed Internet Benefits

- Caller ID*** – See who's calling right on the screen.**
- Change your programming packages on DishHOME Channel 100.**
- Order Pay-Per-View with your remote control.
- Play exclusive interactive games on DishHOME Channel 100.
- Your receiver will let DISH Network know that it is running smoothly.

*With subscription to Caller ID through your local phone company.
**Not available with high-speed internet connection.
