stimulates solutions for a safer world *Animals Have Feelings, Too* C. Barrett, 2014-12-04 Are you looking for a drugless solution for your pet's behavioral issues? The Bach Flower Remedies developed in the early 1900s by Edward Bach M.D. have helped countless humans and animals. This book helps you to understand what your cat or dog's behavior means and recommends Bach Flower Remedies for many conditions. The book gives special attention to the unique needs of abandoned and abused animals. Topics include: How the Bach Flower Remedies Can Help Animals and Humans Understanding Our Animal Companions My Cat My Dog Myself Abuse and Abandonment Remedies for Common Conditions *Animals Have Feelings Too* is a simple must-have for anyone wanting to help their animals with Bach Flower Remedies. Ms. Barrett explains in easy-to-understand terms which remedies are helpful in various situations for animals. It also covers behavioral changes and what remedies would be beneficial. *Animals DO have feelings* and we, their family members, can help them to heal. Amazon Reader: I enjoyed reading through this book. It's an easy read and easy to understand what each of the various remedies should be used for. I've had great success providing some of these to my dog, and I think it's really wonderful that something so easy/natural can make a big difference in an animal's life. Amazon Reader **Bach Flower Remedies for Dogs** Martin Scott, Gael Mariani, 2012-06-01 Dog owners can care for their canines from puppyhood to old age through a safe and natural system using the flower remedies created by Dr. Edward Bach in the 1930s. This book explores how this healing therapy heals ailments with different flora and can be applied to dogs to ease their mental stress, worry, and other emotional problems. Individuals can gain a closer understanding with their dogs and spare them from unnecessary medications and drugs in the process. The book delves into the background of the 38 different Bach flower remedies and their applications in animal health, and it also addresses commonly asked questions that dog owners may have. Bach Flower Remedies for Animals Gregory Vlamis, Helen Graham, 2012-06-01 Animals: Mind Body Spirit. Millions of family pets, often otherwise physically fit and healthy, are put to death every year to give human companions peace and rest from their incontinence, unruliness, excessive noisiness, aggression, possessiveness, destructiveness, or other inconvenience. A behavior problem often becomes a terminal disease. Indeed, euthanasia for behavior problems is the main cause of death in young animals, and many people regard it as a treatment. The high cost of veterinary attention also results in many animals being discarded or neglected by their owners. The consequent price of animal suffering and cost of human regrets and need for welfare services are incalculable. They are also avoidable. Correcting the behavior problem often saves an animal's life as effectively as surgery or other medical procedures and greatly reduces the suffering of all concerned. It does not require expensive behavior therapy or extensive behavior modification on the part of the owner. It can be brought about in many cases quite simply and inexpensively through the use of flower essences. This book offers descriptions of each of the 38 Bach Flower Remedies and their application to the treatment of a range of domestic animals, including horses and farm, wild, and zoo animals. It also describes diagnostic symptoms, animal by animal, together with appropriate treatment regimens, illustrated with case material obtained from

veterinarians animal behavior specialists and health practitioners Other important and helpful areas discussed are emotions in animals and their influence on behavior the emotional bond between animals and humans the pros and cons of thinking of animals in human terms the principles of flower remedies and their suitability for use in the treatment of animals Helen Graham was a Lecturer at Keele University England and is the author of several books on psychology and complementary medicine She breeds Salukis and lives in rural France with her husband Gregory Vlamis is a researcher and author of bestseller *Bach Flower Remedies to the Rescue* He has been researching the life and work of Dr Edward Bach since the early 1970s and divides his time between the USA and Greece

Bach's Flowers Remedies, Synchronicities and Attractors Ulisse Di Corpo, 2020-04-09 In November 2019 with my wife Antonella we decided to take Benny a German dachshund who had been abandoned Unfortunately from the beginning Benny showed aggression towards Antonella to whom she often growled to the point of biting her a couple of times To try to resolve the situation we went to the veterinarian who prescribes expensive and unfortunately ineffective remedies We were on the point of bringing Benny to the kennel when Antonella reads on the internet that similar problems had been solved positively by giving the dog Bach's flower remedies I decided to use a questionnaire and a software that as a statistician and computer scientist I had developed in 1995 to identify Bach's remedies In the questionnaire I described Benny as faithfully as possible and I used the software to identify the most suitable remedy As soon as I gave Benny the first drops diluted in his water I observed a radical change in his behavior He asked Antonella

for cuddles and behaved normally Failing to explain this change as a placebo effect I began to consider the possibility that Bach's flowers can be truly effective A few days later a dear friend with schizophrenia who was reducing psychotropic drugs because they caused her significant physical problems such as difficulty walking told me that she felt desperate and distressed I took the questionnaire I described her as faithfully as possible and as soon as she took the first drops of the remedy my friend experienced a deep relaxation and a great inner calm as had never happened to her before I was very surprised by this positive and immediate effect *Bach Flower Remedies for Animals* Howard, Ball, 1999-01-01
