Fully Human Fully Divine An Interactive Christology:

Fully Human, Fully Divine Michael Casey, 2004 A solid blend of theology and spirituality this refreshing book introduces Q in an interactive way Q the humanity and divinity of Jesus by applying the significant points of both to the reader's spiritual life Written by Michael Casey a monk of Tarrawarra Abbey in Australia *Fully Human Fully Divine* invites the reader to encounter the pulsating humanity of Jesus Liguori Publications *Fully Human, Fully Divine* Michael Casey, 2004

Fully Human, Fully Divine Michael Casey (monk of Tarrawarra.), 2004 *David Foster Wallace and Religion* Michael McGowan, Martin Brick, 2019-11-14 In the years since his suicide scholars have explored David Foster Wallace's writing in transdisciplinary ways This is the first book of its kind to discuss how Wallace understood and wrote about religion At present the scholarly community is sharply divided on how best to read Wallace on religious questions Some interpret him to be a Nietzschean nihilist while others see in him a profoundly spiritual even mystical thinker Some read Wallace as a Buddhist thinker and others as a Christian existentialist Involved at every level of this discussion are Wallace's experiences in Twelve Step recovery programs according to which only a higher power can help one remove unwanted defects of character The multifarious essays in this volume by literature religion and philosophy scholars in the Wallace community delve into Wallace's life and writings to advance the conversation about Wallace and religion While they may disagree with one another in substantial ways the contributors argue that Wallace was not only deliberate in his writings on religious themes but also displayed an impressive level of theological nuance **Creativity and Spirituality** Maureen Miner, Martin Dowson, 2017-02-01 The volume was developed to address conceptual relational and formational questions around the phenomena of creativity and spirituality from a multidisciplinary perspective We acknowledge the complexity of each phenomenon and the need for multiple perspectives in a number of ways First different chapters are written from psychological theological or philosophical perspectives Second multiple research perspectives are considered across empirical and phenomenological methods of inquiry Finally multiple associations between creativity and spirituality are evaluated From such multiple perspectives the theme of this volume emerges Both creativity and spirituality are important for individual and societal flourishing but we know little about fostering both in the 21st century Some ways of fostering them are psychologically harmful and need to be avoided New ways of protecting people as they engage in creative and spiritual endeavours are needed In particular formal training in both creativity and spirituality within the sphere of higher education should be developed in the light of current research However new research that integrates multiple perspectives and examines creativity and spirituality together is needed for training that avoids harm and promotes individual and social flourishing The book will be valuable for educators in all disciplines of higher education because it justifies and explicates training in creativity and spirituality within all areas of higher education Further it discusses how such training might best be included within andragogical practice The book will be useful for researchers of creativity and spirituality because it gives an

overview of contemporary research issues and findings and proposes a new philosophical theological perspective for integrative research in these areas Students in fields of creativity theology and spirituality will use the book as a synthesis of contemporary theories and research relating to both creativity and spirituality and for direction in post graduate research More broadly Christians and others who appreciate the creative and performing arts will find much to challenge their thinking and deepen their awareness of spirituality within human creativity Contemplating Christ Vincent

Pizzuto,2018-03-26 The incarnation has made mystics of us all What if we read the gospels as if that were true In his book Contemplating Christ Vincent Pizzuto offers an exploration of the interior life for modern contemplatives that is as beautiful as it is compelling With an emphasis on the gospels and Christian mystical tradition his book explores ancient themes in new and surprising ways Drawing on his rich experience as an academic and priest Pizzuto gradually unfolds the Christian mystery of deification to which the whole of biblical revelation and the Christian contemplative life are ordered through the incarnation we have all been made other Christs in the world **Christianity** , *Transfiguration and Hope* D. Gregory

Van Dussen,2018-09-17 To read and visualize the transfiguration of Christ is to enter its mystery and encounter its hope Like the Gospel writers and the disciples who climbed the mountain with Jesus we struggle to tell the story and explain its meaning Yet this astounding event reveals God s ultimate purpose in sending his Son the complete restoration of humanity and all creation our transfiguration in Christ The light and glory of that moment reveal a destiny that is infinite and eternal made possible by the power of grace Transfiguration is the trajectory and goal of our spiritual journey Across time and space Christians have reflected on the mystery and hope epitomized in the transfiguration yet their voices have been heard primarily within their own cultural and ecclesiastical contexts This study gathers many of those voices from the panorama of Scripture and church history and finds in them the common theme of radical transformation in Christ The point of this theological conversation is spiritual transfiguration and hope for each of us as we reach toward the future Christ has shown us in himself **Welcoming the Word in Year C** Verna Holyhead,2006 Weekly relections on the Sunday lectionary for

Year C The Old and New Testament readings are tied to contemporary concerns and the reflections are infused with the spirit of the Rule of St Benedict A sourcebook for pastoral ministry or a reference for personal or communal relection
