Fundamental Financial Accounting Concepts 8th Edition:

Fundamental Financial Accounting Concepts Thomas P. Edmonds, Frances M. McNair, Philip R. Olds, 2013 This Valencia College edition of *Fundamental Financial Accounting Concepts 8th Edition* by Edmonds McNair Olds is designed for the undergraduate introductory financial accounting course specifically for those wanting to focus on the relationships between business events and financial statements This text is also appealing to those instructors looking for a shorter text that focuses more on key financial accounting concepts rather than procedural details and to those desiring a stronger user orientation in their course Overview Students are often overwhelmed by the amount of information presented in the introductory financial accounting course By focusing on fundamental concepts in a logical sequence students are able to fully comprehend the material rather than memorize seemingly unrelated terms and topics The goal of *Fundamental Financial Accounting Concepts* is to enable students to understand how any given business event affects the financial statements The financial statements model is a highly praised feature because it allows students to visualize the simultaneous impact of business events on all of the key financial statements the income statement the balance sheet and the statement of cash flows provided by publisher *Fundamental Financial Accounting Concepts* Philip Olds, Frances McNair, Thomas
