**The Dartmouth Doppelgangers** Frank L. Knott, 2010-04-26 This book portrays a side of Dartmouth UK unlike anything you will find in a Tourist Guide Despite this all of the sites and characters described within it are real but observed from a comical perspective As Dartmouth also happens to be the place where the Pilgrim Fathers departed for the Americas you could also say that these people carry some responsibility for everything from George Bush to Obesity Charming though the town might first appear then be wary and don't let the same thing happen to you as nearly happened to me **Autocar**, 2001

**Everyday Life Ecologies** Alice Dal Gobbo, 2023-04-04 Everyday Life Ecologies Sustainability Crisis Resistance is about those complex sticky but also open arrangements of bodies objects and plants that make up daily existence The multiple and interlocking lines of a long capitalist crisis disrupt their normal flow sometimes they open opportunities for transformation sometimes else they foreclose horizons of change In contrast with approaches that respond to environmental crisis by advocating sustainable lifestyles and responsible behaviors Alice Dal Gobbo suggests that it is necessary to address the complex socio material relationalities that constitute everyday ecologies Beyond that the book argues for their politicization illuminating daily existence as embedded in capitalist relations of re production Combining political ecology and new materialist sensitivities this book investigates the ways in which ecologically damaging logics are inscribed in everyday assemblages through their habitual rehearsal and libidinal hold But it also points to how apparently banal acts of resistance embody and promote different logics such as a logic of care and an ecological aesth ethics of desire Based on ethnographic fieldwork in the Northeast of Italy this journey through the concrete matters and beings of daily life in crisis talks beyond this emplaced reality and dialogues with emerging forms of contestation and prefiguration that put socio ecological reproduction at their center
