Fifty Is The New Nothing Starting Over In The Middle:

Fifty Is the New Nothing Chuck Sigars, 2011-08-01 I don't want to go to law school or pursue another advanced degree or change my career which would be funny if I had a career to begin with I might do all of those things come the next season but this is summer and I'm about to turn 50 and suddenly I have the makings of a gym in my basement and it's clear to me I want to be Batman The Dark Knight of the Soul Some people age well Others not so much When it came to turning 50 though Pacific Northwest columnist Chuck Sigars realized it was an ideal time to start over From his popular newspaper columns for Beacon Publishing 50 Is The New Nothing explores the possibilities not the limitations of aging With his trademark humor Sigars describes his adventures losing 100 pounds learning to count calories and walk for miles along with his discovery of exactly how many push ups he could do three 50 Is The New Nothing could also be a primer on aging gracefully as Sigars explores the pitfalls and signposts on the road to old guy status including which shirts should never be tucked in and how to avoid talking like a teenager Divided into two sections Finding Fifty and Family Matters in the latter part of the book Sigars turns his attention to the ones that matter most as he prepares for his daughter's wedding Along the way he takes a crosscountry road trip and finds out that home is where the heart is as long as you know where home is and who is waiting for you there Ultimately this is a story of discovery told through the eyes of a 50 something newspaper columnist who was surprised as anyone to hit the big Five Oh As he points out in the preface this generation of Late Boomers might be the least prepared of any cohort for senior citizenship We were never going to get old he writes in the introduction We were going to coast drafting like Dennis Christopher in *Breaking Away* 1976 behind the preceding generations and particularly technology getting younger even as the years passed picking up speed by virtue of being born on the cusp of a new era and reaching adolescence in an angst free time What happens of course is what everyone experiences eventually but told through the aging eyes of a funny man who decides to start over in the middle just for the heck of it and surprises himself and us with what he finds

50 Years on the Street William Roache, 2010-11-23 In *50 Years on the Street My Life with Ken Barlow* William Roache reflects on half a century of treasured memories accumulated during his time working on the long running soap He revisits the programme's most memorable moments and ponders the secret of its success while exploring the history of the show from its very early days of live broadcasts to the current demands of the Street's schedule Roache reveals what it is like to have played the perennially popular role of Ken Barlow since the very first episode in December 1960 and reflects upon the actors he has worked with during the past 50 years using his unique perspective to provide insights and anecdotes galore *50 Years on the Street My Life with Ken Barlow* is a celebration of William Roache's acting career following a year that marked a very special anniversary both for him and for *Coronation Street*

The Contemporary Woman's Guide to Midlife Carla Herrera, 2005-03 *The Contemporary Woman's Guide to Midlife* is an autobiographical tour through midlife The author takes the reader through her transformation in early midlife and allows a brief but intimate glimpse of one woman's

perspective on the process Essay topics include the empty nest menopause values and relationships A must read for anyone approaching or knowing someone who is approaching midlife or major life transitions

The Collected Prose of Robert Frost Robert Frost, 2006 Robert Frost is one of the most widely read well loved and misunderstood of modern writers In his day he was also an inveterate note taker penning thousands of intense aphoristic thoughts observations and meditations in small pocket pads and school theme books throughout his life These notebooks transcribed and presented here in their entirety for the first time offer unprecedented insight into Frost s complex and often highly contradictory thinking about poetics politics education psychology science and religion his attitude toward Marxism the New Deal World War as well as Yeats Pound Santayana and William James Covering a period from the late 1890s to early 1960s the notebooks reveal the full range of the mind of one of America s greatest poets Their depth and complexity convey the restless and probing quality of his thought and show how the unruliness of chaotic modernity was always just beneath his appearance of supreme poetic control Edited and annotated by Robert Faggen the notebooks are cross referenced to mark thematic connections within these and Frost s other writings including his poetry letters and other prose This is a major new addition to the canon of Robert Frost s writings
