Abel, 2003 This is a collection of classic and contemporary primary sources in philosophy The readings cover all the main topics of Western Philosophy and each one is carefully edited to be long enough to present an argument Back cover *Elements of Philosophy: An Introduction* Samuel Enoch Stumpf, Donald Abel, 2001-07-20 The new edition of this introductory text presents in an accessible way classical and contemporary readings on topics central to and representative of all major periods of the Western philosophical tradition The book presents 55 readings 23 of which are new to the fourth edition on seven topics epistemology philosophy of religion metaphysics personal identity and immortality free will and determinism ethics and political and social philosophy Pedagogical features make these readings accessible and interesting to beginning students All the introductions and biographical sketches have been revised for the fourth edition as have the study questions and glossary The explanatory footnotes and the stylistic modernization of texts are new to the fourth edition Evil and Pain Joseph B. Onyango Okello, 2017-06-15 A specific form of understanding of evil in the problem of evil debate gets assumed among a variety of materialistic naturalists Owing to their physicalist and in some cases behaviorist philosophies this understanding assumes a hedonistic view of pain that reduces valuation to pleasure and pain

Herein all forms of good and evil get reduced to pleasure and pain This work reorients the debate toward a more biblical understanding of evil based on an essentialist reading of ethics The book argues that the hedonistic understanding of value characterizing prominent naturalistic materialists such as those alluded to by J L Mackie semantically seems to entail either a synonymous or a near synonymous relationship between evil and pain The book further argues that this understanding given the essentialist reading of ethics seems wrongheaded By reorienting the contours of the debate it suggests that the problem of pain might in effect be quite different from the problem of evil and that neither problem necessarily entails the other Seen in this way neither problem casts doubt on belief in God s existence
