contributions embrace the personal growth that comes with your citizen science journey and explore future opportunities in Monarch research Monarch Citizen Science is more than a guide it s a call to action Join the movement to protect Monarchs and ensure their legacy endures for generations to come      **World Wide Weed** Tom Decorte,2016-02-11 For the majority of its history the cultivation of cannabis did not stand out at least compared to the cultivation of other illegal plants Cannabis plantations like coca bush or opium poppy plantations were typically large in size grown by local farmers in a handful of developing producing countries processed and then exported to industrial consuming nations While cocaine and heroin are still produced in a handful of developing countries cannabis cultivation is increasingly universal From Europe to the Americas and Oceania import substitution in cannabis markets has been noticed in almost every developed country around the world with a notable aversion for discrimination Geographical technological cultural and economic factors help to explain why indoor and outdoor domestic cultivation is well established and why the nature and extent of cultivation varies so dramatically across the western developed nations As we start the second decade of the 21st century the new cannabis industry continues to fascinate both casual and academic observers of the drug scene Researchers around the world have become increasingly interested in the phenomenon aiming to describe and potentially explain the rapid switch from importation to domestic production in their own countries In bringing together some of the world s leading experts on cannabis cultivation this book contains sixteen chapters that take an interdisciplinary look at global trends in cannabis cultivation It will serve as an exemplar for wider discussions of key theories and concepts relating to the spread not just of cannabis cultivation but also of illegal markets more generally the actors that operate within these markets and the policies and practices that are employed in response to developments within these markets      *Global Trends* Diego J. Veitia,1995-08

*Global trends in wildlife management* International Union of Game Biologists. Congress,1991      *Singapore's Park System Master Planning* Raffaella Sini,2019-04-23 This book traces the evolution of Singapore s parks system from colonial to present times Further it contextualizes the design and planning of parks in the general discourse on western and eastern traditions early twentieth century western conceptions imported during colonialism modernism postmodernism and the contemporary ecological debate Park system planning products respond to national policies and result in structural urban elements and a range of park types Global western ideology and local issues have influenced park system planning and the physical design of individual parks over time However in Singapore the eastern literature has not addressed the development of parks and urban green spaces in terms of historical perspective The publication reveals the interrelations between visual representations and changing political ideologies Singapore s system of public parks is shown to represent an iconography created by the state Its set of constructed narratives elucidates on the potential social cultural and environmental roles of public parks However Singapore s park system presents a novel paradigm for expanding Asian cities characterized by evolving urban imaging strategies In framing Singapore s case study within the broader perspective of eastern applications

of western planning and design practices and constructions of nation in post colonial countries the manuscript establishes the contribution of the Singaporean model of design and planning of parks to the international debate
