Computer Arts ,2006 [Photoshop 7 Professional Photographic Techniques](#) Shahid Shah,Gavin Cromhout,Nyree Costello,Janee Aronoff,2003-07-25 Written by pros including the latest features from Photoshop 7 the authors of Photoshop 7 Professional Photographic Techniques will reveal not only how to recreate darkroom techniques without turning out the lights but also how to create images well beyond traditional barriers Of course you don t need to be a pro to benefit from the knowledge in these pages this is the perfect handbook for anyone who cares about photos Fully illustrated in color throughout the text is organized into a series of examples that provides a comprehensive guide to image manipulation on Photoshop 7 everything from the glamour of magazine retouching through restoration work to the nitty gritty of color reproduction Because the authors remember the days before Photoshop existed they can show you how to achieve chemical free equivalents for all the old tricks as well as plenty of new ones All these methods are revealed with before and after examples that you can actually follow and apply to your own work These include coloring restoring and aging images removing unwanted parts of the image depth of field changes useful techniques for creating works of art and how best to display your work for the rest of the world to see The emphasis is on techniques that will help you produce work that stands head and shoulders above the crowd with clear step by step instructions All this of course combined with publisher friends of ED s commitment to providing fast friendly and free technical support via our website Our aim with this book is to show you how to replicate techniques and effects that professionals use rather than advanced Photoshop skills By the end of it you should be confident enough to use them in your own images blending these

techniques with your own creativity and inspiration As one of the authors Janee recently said While people do like my work and I m always striving to improve it I think that my goal has always been to show my reader what s he can do rather than to show what I can do Modern Photography ,1988 **Industrial Photography** ,1975 Digital Photography Michael Freeman,2003 A guide to using special effects to enhance digital photographs that explains how to use the latest software filters and image editing techniques to create different images
