Possibility Unleashed: Pathbreaking Lessons for Making Change Happen in Your Organization and Beyond Marc Harrison,2023-01-17 From a visionary leader comes a game changing guide to help you face your fears transcend discord and polarization and drive positive systemic and societal change When Marc Harrison became CEO of Intermountain Healthcare one of the nation s largest health systems the organization was financially sound and had a sterling reputation for delivering excellent care But Harrison wasn t content to uphold that reputation he knew it could be even better As an IRONMAN triathlete he had a drive to push boundaries as a two time cancer survivor he had a deeper empathy for patients and a greater sense of urgency Harrison led an ambitious

transformation that has unleashed Intermountain's workforce not only to improve the organization but to look beyond it and tackle a range of problems that have plagued both the industry and our broader society. Bucking the prevailing culture of conflict and polarization, leaders at all levels are empowered to convene diverse stakeholders in unorthodox ways to solve problems that affect everyone. In *Possibility Unleashed*, you'll learn what happens when you walk in others' shoes, embrace an outsider's perspective, look in the mirror, fix what isn't broken yet, unlock the genius at the bedside or at the front line, ask "What if?", make frenemies, go upstream, stand up for what's right, color outside the red and blue lines. You'll find real-life examples of how this works in action from a liberal Harvard-trained program manager partnering with a leading gun rights advocate to address the issue of firearm-assisted suicides to a healthcare organization fighting high prices and drug shortages by working with its competitors to establish a not-for-profit generic drug company that benefits all. And while other health systems stand by as their communities struggle with poverty, crime, and other seemingly nonmedical issues, Intermountain is investing millions to address them, recognizing that they in turn profoundly affect people's health. It's a radical approach to leadership that shuns the status quo to create lasting transformative change. In *Possibility Unleashed*, you'll discover the blueprint to making a far greater impact on society than you'd imagined while also building strong, financially healthy organizations where people love to work.

Proceedings, 1994 *Big Data* Viktor Mayer-Schönberger, Kenneth Cukier, 2013 A exploration of the latest trend in technology and the impact it will have on the economy, science, and society at large *Irony and Organizations* Ulla Johansson, Jill Woodilla, 2005 Irony in the writings of these scholars from different parts of the world demonstrates once again that what we know is tenuous and at the same time closely intertwined with how we know and represent that knowledge. And while each chapter approaches irony from a slightly different angle, they share a common assumption that irony can be used to enhance practice.
